JUDGE BODKIN WELCOMED

At Ennis Quarter Sessions

The Hilary Quarter Sessions for the district of Ennis and Ennistymon were opened on Monday by his Honor Judge Bodkin, K.C.

When his Honor had taken his seat, Mr. C. L. Rynne, J.P., rose and said that before the court was opened he wished to say that the magistrates of this portion ought to join their brother magistrates of the western division in bidding his Honor a hearty welcome on his coming down here.

Mr. M. S. Gibson, J.P., said that being the mover of the resolution of welcome in West Clare, he begged to support the proposition of his friend, Mr. Rynne, in reference to East Clare.

His Honor said he should express his deep sense of gratitude at the kindly reception he

THE WORKHOUSE

WHAT ALTERATIONS REPAIRS WILL CO

The weekly meeting of the Grand Limerick Union was held yesterday. Mr. Brien, R.N., presiding. Also present: D. F. McNamara, W. Clancy, P. Fitz McNamara, J. Moloney, D. O'Brien, P. McInerney, Lock Quay; P. Mu Froab, M. Keane, J. Madden, J. Lalor, M. O'Corry.

TREATMENT OF CONSUMPTIVE

The Clerk read the report of Dr. Co L.G.I., already published (having been before the Committee) relative to the modification for consumptive patients of the workhouse.

The Chairman said he thought he conveyed quite a wrong impression of things existing, and he found it necessary to write to the "Limerick Chronicle" subject.

Mr. D. F. M'Namara—I saw that. The Chairman—I don't know what Biggar wrote it in his capacity of Doctor of our Union or not, but in his capacity he wrote it, I object to it.

Mr. D. F. M'Namara—We are not to consider that question to-day.

The Chairman—No. The Clerk—Shall I read the report of the Committee?

It was decided not to do so in the circumstances.

FEVER NURSING.

The Local Government Board would not approve of the Guardians procuring a nurse from the Limerick Infirmary on the terms mentioned as at present there are no arrangements for giving the lectures and demonstrations in fever nursing, which are necessary to be regarded as properly taught. The Board therefore requested that they would appoint a qualified nurse for the hospital.

The Clerk said the appointment was made that day week.

PROPOSED HOUSE IMPROVEMENT

Mr. O'Malley, B.E., engineer, reported as directed, he had inspected the lavatories for male and female in lunatics and epileptics, also the defective hospital wards ground floor lavatories to male and female, ferns are entirely inadequate, and dangerous to the health of the inmates. He had also examined the gable ends of the infirm, and considers the slight showing to be of small consequence. Sent old laundry would serve admirably well when altered and a connection
