At the Corporation meeting on Thursday night,

Mr. T. Ryan proposed the following resolution:

"Resolved—" That this Council hereby places on record its deep sense of the loss sustained by the family of Dr. Robert Ringrose Gelston, and of the citizons, at the death of one of the oldest, if not the cliest citzen of Limerick, a gentleman who was at one time connected officially with the Municipality, being one of the two High Sheriff, of the city in the forties, and whose family has been so long and honourably associated with Limerick, inculding his son, that estimable gentleman. Dr. Thomas Pelaton: that a copy of this resolution be conveyed to the family of the deensed gentleman."

The resolution was seconded unanimously.

The Mayor said the passing away of Dr. Gelston was like the removing of a city landmark. Dr. Gelston had been associated with Limerick for a long number of years, and the citizens without distinction would regret his demise.

#### Resolution at Barrington's Hospital.

Resolution at Baprington's Hospital.

At the meeting of the Governors of Barrington's Hospital on Suurday,
Sir aloc W. Shaw proposed— That we have heard wick deep regrets of the death of Dr. Robert K. Gelston, for so many years Henorary Coousiling Surgeon to the Hospital; and we desire to convey to his family our sincere sympathy and regret. The late Dr. Gelston was known to many of them very ritimately indeed. One of the earliest recollections he (Sir Alec) Lad as a child, he might say, was seeing that fine man riding along the streets on his horse, and jumping off to go in to see a patient. He was one of the most agile and able men the city ever produced. He was a ball men the city ever produced. He was a delightful man to meet at all times. His charity was been considered to the street of the most agile and able men the city ever produced. He was a man who in his say offices included honorate poor. #### WORKHOUSE DOCTOR'S PAY.

TO THE EDUTOR OF THE LIMERICK CHRONICLE.

SIR—Io would be indeed curious if no protest was made ugainst the ascending scale of the doctor's proposed remoneration as a beginning—to say nothing of the friendly additions that will be made to it law on. Some little time sgc, £300 ayan, only as the initial, was proposed, and now already, even before the appointment is fi.ished, £50 a year additional is laid on the already over-burthened ratepayers, nine-tenths of whom cannot expect by distof had work, tong hours and strict economy to earn half as much, and this only during their middle life, and yet the despotic and responsible guardians of their expenditure abuse again their power in this way, while there are hundred's of good, clever, while there are hundred's of good, clever, while there are hundred's would be gladadid compets for the sit as £150 year, even though it were (as it hould be) well known that as long as he held the position that whole is liberal pay compared with the fluctuations of so large EDITOR OF THE LIMERICK CHRONICLE as long at he held the position there would us us addition or inpercase to this, which is liberal pay compared with the fluctuations of so large a majority of his poorer brethren and fellow-citizens, compelled also to contribute to the swf-try, permanency and security of what is to them a fat living.

### THE PRICE OF BUTTER.

A startling advance took place last week in

the wholessle price of butter, says the 'Grocer,' and retail prices will have to be generally advanced this week to a minimum of Is. 2d. a pound.

Australian. New Zealand, and Siberian butter is now fully 30s. a hundred weight dearer than last year, and Denish butter is 20s. dearer. The cause of the advance is said to be the drought in Australia, which has caused a defict in the supply. Butter is to-day dearer than it has been since 1885. upply. B ince 1885.
