## ELECTRIC LIGHT SUPPLY.

### Partial Failure.

Much inconvenience was caused on Tuesday  
night by the partial failure of the electric light  
supply, attributed to a leakage in the distributing  
main between Barrington street and Hartstonge  
street. Public institutions such as the Technical  
Schools, Free Library, and Rink, suffered much  
by the breakdown, while business houses were  
considerably handicapped. Pedestrians were also  
taken aback by the incident, as the lighting of  
George street was confined to one side.

## DEATH OF A CENTENARIAN.

The death occurred in the Limerick Union  
hospital on Monday of a woman named Kate  
Connors who had attained the remarkable age of  
104 years. She was a native of Murroe and was  
admitted to the institution eight years ago.  
During the past couple of years she suffered in  
health, but up to that time her faculties were clear  
and her conversation bright and interesting.

## THE RINK PALACE.

There is a very attractive programme on this  
week at the Rink, and is affording great pleasure  
and interest to large houses. The Bros. Erard,  
musical comedians, perform very amusing  
acrobatic feats, while their snatches of violin per-  
formances show that they can wield the bow from  
any position. The performers may, for instance,  
be arm in arm, or poised one on the other's head,  
and so on. Then the pictures are extremely  
varied and entertaining, and the films are displayed  
with excellent effect from the screen on the very  
pretty stage. These pictures are humorous and
