SCARLATINA.

It was reported that three further cases of scarlatina were admitted. The usual order was made.

PROPOSED ASSISTANT CLERK.

The principal business was to consider the advisability of appointing an Assistant Clerk of the Union.

Mr. Ambrose proposed, and Mr. Geary seconded that they appoint an Assistant Clerk.

Mr. Jer O'Brien—I object to the creation of my new appointment. We have officials enough and if you create a new office now of course it will be permanent.

Mr. John Scanlan said a good many people in the division held the same opinion. They thought if Mr. Byrnes wanted a clerk he should pay him himself.

The Clerk—I did not write to a single one. I am neutral in the matter. The only thing is this. I am paying 10s a week to Mr. Hough. I have no objection to continue that, but I could not pay more. There is hardly a Union in Ireland where the clerk is not paid more. The only way you can manage not to create a new office is, add 10s. a week to my salary, and I will pay £1 a week to Mr. Hough.

All the members considered that a very fair suggestion, and it was decided to amend the motion accordingly and pass it unanimously.

The other business was routine.
