GOLF CLUB.

ly Challenge Cup.

ed Foursome Competition,

same plaintiff charged Mr. D. Byrne, coachbuilder,
 William street, for taking O'Neil into his employ-
 ment without his having given notice to Cleary.
 Mr. P. E. O'Donnell argued that the Bench had
 no jurisdiction in so far as the charge against
 Byrne was concerned. To the charge against
 O'Neil they had a good defence.
 Plaintiff, examined by his solicitor, Mr. Nash,
 said O'Neil left his employment without notice,
 though he was engaged by him at 24s. weekly in
 winter, and 26s. weekly in summer. He went to
 work to Mr. Byrne.

The defendants testified that it was not the
 custom of the trade to give or receive notice.
 Some were sent away without a moment's notice,
 and some went away without giving a moment's
 notice.

The Bench dismissed the case against O'Neil,
 and marked "no jurisdiction" in the case against
 Mr. Byrne.

WANTON DAMAGE.

Mr. Louis Morley charged a young fellow
 named Augustine Cullinan with destroying the
 horn of his motor car by biting the rubber of the
 horn while the car was standing near the Theatre
 Royal, in charge of a youngster.

The defendant denied the charge, and said if
 he got time he could prove an alibi.

The Bench held defendant had ample time to
 prepare his defence if he chose. They would
 convict and fine defendant 5s.

Other cases were disposed of, and the Court
 adjourned.

ELECTRIC LIGHT ENGINEER.

The appointment of Electric Light Engineer in
 succession to Mr. G. P. Cloran, resigned, will be
 made at an early meeting of the Borough Council.
 The Electric Light Committee will hold a special
 meeting, under the presidency of the Mayor, on
 Tuesday, to consider the applications, and as
 these number no less than thirty-nine, the task
 will be no light one. The course to be adopted
 by the Committee will in all probability be to
 delegate to a sub-committee the selection from
 the total number of applicants of those best qual-
 ified for the appointment, and report thereon to a
 further meeting. Meanwhile an active canvass is
 being pursued in the interest of some of the
 candidates.

SUDDEN DEATH.

Jane Scanlan, 56, unmarried, was found dead
 in bed at her home in Henry-street last evening.
 The deceased, who lived alone, was out the
 previous day, and apparently in good health. She
 retired to bed on Thursday night, and not being
 seen out yesterday, some anxiety was caused, and
 when a girl went to call her she found her dead
 in bed. The police were communicated with,
 and also the coroner, who did not deem an inquest
 necessary, having regard to the result of a
 medical examination of the body.

INDUSTRIAL UNREST.

Deputation to Premier.

Yesterday the Prime Minister received a deputa-
 tion from the Associated Chambers of Commerce
 on the question of labour unrest. The remedies
 suggested by the different speakers were the
 throwing of the financial responsibility on trades
 unions, the prevention of intimidation, compulsory
 arbitration, co-partnership for profit sharing, and
 the increase of friendly relations between the
 employer and employed. Great stress was laid on
 the intimidation and violence which it was alleged
 was brought about as the result of peaceful
 picketing. Mr. Asquith, in reply, said he had
 been impressed by what he had heard. Personally,
 he thought it extremely undesirable that the
 Government should concern itself in industrial

the Congested Districts (£19,000) and other votes,
 making a total budget of over £150,000, were
 passed.

To carry out the new work connected with Cow
 Testing and Milk Records, Fruit Culture, and
 Flax Growing it was decided to appoint an ad-
 ditional staff of Instructors.

Grants from the Development Commissioners,
 including £42,000 for Fisheries, £25,000 for
 Forestry, and £10,000 for Horsebreeding, were
 reported, and work in connection therewith was
 detailed.

The Board adjourned at 5 p.m.

THE U.S.A. PRESIDENTIAL ELECTION.

Roosevelt Followers.

The Taft Majority.

Mr. Roosevelt's decision of Thursday to lead a
 revolt from the decision of the Republican Con-
 vention has proved somewhat of a fiasco, his
 regular followers being disinclined for so revolu-
 tionary a move.

Yesterday he advised them to await develop-
 ments in the Convention, and his frequent changes
 of tactics are very disconcerting to his Party.

The Taft majority in the Convention, as shown
 by the last decision, is growing, the La Follette
 section having voted with the President's Party.

During the evening session the strenuous efforts
 of Governor Hadley had the effect of reducing the
 Taft majority on the question of the Californian
 contested delegates to 15.

(BY TELEGRAPH).

Mr. Roosevelt Repudiates Convention

Mr. Roosevelt last night declared, after the
 decision of the seating contested Californian
 delegates that there was no use in paying further
 attention to the Convention. "But my hat is in
 the ring," he added.

CHARGE OF ASSAULT.

Three men named Flannery, relatives, were
 brought before Mr. Wm. J. Hardy, R.M., at the
 Police Court this morning, and further remanded
 on the charge of assaulting a farmer residing in
 the Scariff, County Clare, district. The injured
 man's life is not yet out of danger, and some
 formal evidence having been taken one of the
 accused was discharged. The others were re-
 manded.

ENNIS PETTY SESSIONS.

(FROM OUR CORRESPONDENT).

Ennis, Friday.

The weekly court was held to-day, before Mr.
 P. J. Linnane, in the chair, Messrs. G. McElroy,
 R.M., and M. S. Honan.

FAILED TO SUPPORT HIS CHILD.

There was a prosecution directed by the Ennis
 Board of Guardians against a man named Malone,
 from the town, for failure to maintain his child,
 who was in the workhouse.

The case had been twice adjourned for the
 appearance of the defendant. He was again absent
 to-day.

Relieving Officer Carmody said that the child
 was in the house through the neglect of the
 father to maintain it for the last two years.

Mr. McElroy asked did the board give him any
