COUNTY KILKENNY MURDER.

Three Arrests.

Kilkenny, Monday.

A farmer named Edward Malone was found brutally murdered yesterday morning near his house at Rohenstown in the district of Mullinavat, County Kilkenny. A servant, named Patrick Hayes, reported the matter to the nearest police station and the constabulary at once visited the scene and made searching enquiries, as a result of which Hayes, his wife, and his son James were arrested on the capital charge. After formal evidence having been given, they were remanded. The body is in a shocking state of mutilation. The police hold the view that the man was kicked to death.

PROPOSED CHILDREN'S PARK.

Acting on a letter received from the Limerick Branch of the Women's National Health Association by the Public Health Committee on Wednesday last, the Corporation have taken steps to convert an open space in West Watergate into a Children's Park. A meeting in furtherance of the project was held in the Town Hall to-day, the Mayor presiding, and there were also present—Lady Emly, Miss Doyle, Mr. M. Molnerney, B.C., Mr. D. Griffin, B.C., Miss Morony, LL.B., Miss McGrath, Mr. J. Dalton, B.C., Mrs. Tidmarsh, Mrs. Ebrill, and Mr. J. J. Peacocke, City Surveyor. The views of the members of the Corporation who had visited the proposed site, were put before the meeting, and after a conversation it was decided, on the motion of Mr. Dalton, seconded by Mr. Griffin, that measures be taken forthwith to level off the ground, and prepare it for the purposes to which it is to be utilised.

Mr. London asked the Vice-President of the Department of Agriculture (Ireland) if any agreement has yet been come to between the various conflicting parties in Ireland on the contentious clauses in the Butter Bill; and, if so, will it be carried into law during this session of Parliament.

Mr. T. W. Russell—The Irish Creameries and Dairy Producers Bill, which passed its second reading in the House of Lords on the 11th June, is, as regards its main features, in substantial agreement with the views expressed by the Irish Butter Trade Association, and the Irish Creamery Managers' Association, and the Irish Agricultural Organisation Society. All sections of the trade in Ireland appear to be satisfied as to the advantages to be conferred by the bill. Representations for its modification have been submitted by the Irish Agricultural Organisation Society, who desire the amendment of some clauses of the bill. With a view to meeting some of the points raised by the Society, certain amendments will be proposed on behalf of the Government at the Committee stage of the bill in the House of Lords. It is hoped to take the Committee stage in the House of Lords before the end of the present month, and, if at all possible, to have the bill in the House of Commons before the House adjourns for the summer recess.

NENAGH PETTY SESSIONS.

These Sessions were held on Saturday before Capt. Poe, D.L. (in the chair), Major Dease, R.M., J. M. Galwey-Foley, C.M. Carroll, C.C.C. Webb, D.L.

TRANSFER OF LICENSE.

Mr. O'Brien, solr., applied for and was granted an *ad interim* transfer of the license lately held by Mr. M. McMahon to that of Mr. Pater McMahon.

CRUELTY TO A DONKEY.

Constable Cattrell charged James Rielly, William-street, Nenagh, with cruelly ill-treating a donkey.

Complainant said defendant was cruelly ill-treating the donkey by working it while suffering from several wounds. There was one wound about the size of a half crown, while there was a cut five inches long under the straddle, which appeared to be caused by a nail. The padding was worn off the straddle, and there was nothing there but the bare board rubbing against the animal's back, and as a result of the swaying of the car the animal's back was in a wretched condition.

Fined 10s. and costs.

After disposing of some police cases the court adjourned.
