Connaught is expected to leave for Canada towards the end of October. Should the decide not to make the journey, Princess Patricia will act as hostess for her father. The Duke will probably await Prince Arthur's arrival in Ottawa in order to hand his position over to him formally, and to introduce him to the heads of the Canada Executive.

RECORD FLIGHT FOR ARMY AEROPLANE.

The weekly communique issued on Tuesday by the War Office, giving particulars of the work of the Royal Flying Corps, makes the following reference to the recent flight to Montrose:-

Captain Longcroft tested a new B.E. on the 16th at Farnborough, and flew this machine to Montrose on the 16th with the commanding officer Montrose on the 19th with solly was made, at as passenger. One landing only was made, at journey of about 530 miles took seven hours forty minutes, exclusive of the time spent at Almmouth. The first part of the flight breaks the existing world's record for flight with a passenger.'

The communique also states that the machines of the squadron going to Ireland are new ready for the flight there, preparatory to taking part in the

Irish comma nd manocuvres.

CYCLIST KILLED.

Fatality Near Oola.

Patrick McGuinness, a native of Nonagh, 35 years of age, and unmarried, was killed instantly on Monday evening while cycling down a not very steep hill near Oola, County Limerick.

He had returned by the train from Nenagh to Ools at 5 p.m after a week-end visit, and was proceeding to Cappawhite, where he worked at the bakery trade. When found, about fifteen the bakery trade. When found, about fifteen minutes after leaving Oola, the body was still warm, and blood was issuing from the mouth and from a wound in the temple.

Coroner Cleary. Kilmallock, held an inquestion on Tuesday at Ools regarding the death of Patrick McGuinness.

Dr J O'Callaghan, Dispensary Medical Officer for Grean, said he had made a superficial examination of the body and found a lacerated wound an inch long on the left side of the forehead. There was discolouration between the left eye and ear. There was no fracture of the skull. witness's opinion the cause of death was heart failure.

The Foreman-Was it the heart failure or shock of the fall killed him?

Witness—Heart failure. The fall off the bicycle did not seem to be much. The bicycle was uninjured, and the brakes were all right.

A verdict was returned that the cause of death was probably heart failure, and a rider was added expressing sincere sympathy with the relatives.

VERONAL POISONING
