

Mr. P. J. Kelly, R.M., attended at the City Police Court to-day, and disposed of one case of drunkenness, which was the only case for hearing.

Irish Butter Bill

Mr. T. W. Russell's Irish Creameries and Dairies Produce Bill, which was introduced into Parliament in the Sessions of 1912 and 1913, will not be brought in this year. The decision not to proceed with the Bill this session has not been arrived at by reason of any opposition which might be offered to the measure, but owing to the exigencies of the peculiar Parliamentary situation, as a result of which it is considered that there is no time and very little if any inclination to dispose of the measure. When introduced in 1912 the Bill passed through the House of Lords. Last year it was introduced into the House of Commons but made no progress.

The Irish Volunteers

SALLYMOUNT CORPS

The Sallymount Corps of the Irish National Volunteers met at Sallymount on yesterday at 3 o'clock sharp and proceeded to the appointment of a Provisional Committee. This having been concluded, the men, who are drawn from the Annacotty, Lisnagry, Kilmurry, Castleconnell, Garden Hill and Sallymount districts fell in on parade, and were subsequently drilled by the local instructor and three drill sergeants from Limerick with the organising secretary of the Limerick Corps. Subsequently a march took place, and the Volunteers, headed by the Sallymount National Fife and Drum Band, swung along at a pace and ease that would have done credit to any military force. The men were congratulated by the section commanders on the efficiency shown by them in the different evolutions. A drill of the men from the various districts will take place to-morrow night at 8 o'clock sharp. Every volunteer is expected to be with his section at the appointed time, and any man arriving late will not be admitted to the ranks.

Engine Leaves Rails

ACCIDENT AT LIMERICK JUNCTION

An accident that fortunately had no serious consequences occurred at the Limerick Junction in the early hours of Saturday morning. It appears a heavy goods train from Limerick was running across what is known as Keane's Points, when for some reason not accounted for the engine left the metals, carrying with it a couple of wagons. The goods was moving slowly at the time, otherwise a more serious accident might have resulted. A breakdown gang were engaged for over eight hours in clearing the road. The 8.15 a.m. ex Limerick on Saturday had to run into the platform generally assigned for the down day mail from Kingsbridge. In the afternoon the permanent way was cleared, traffic being resumed as usual over the line.

wise find out. Mr. Bennett said he would press his motion. He thought there was enough of assistant surveyors to point out the district to the County Surveyors without the Assistant-County Surveyors.

Mr. Barrington also agreed that Messrs. O'Malley and Leahy should be appointed to show the County Surveyors, who were strangers, through their districts.

Mr. Hartigan seconded Mr. Coleman, that Messrs. O'Malley and Leahy be appointed for one month instead of two months.

A vote was then taken as to whether Messrs. O'Malley and Leahy be appointed for one month or not appointed at all.

The poll resulted as follows:—For one month—Lord Emsly, Messrs. J. B. Barrington, J. P.; Michael Clancy, John Coleman, J. P.; B. C. Collins, J. P.; P. Duggan, J. Fitzgibbon, J. P.; P. Fitzsimons, C. Mr. P. Bourke also objected to the ratification of the minutes of the committee recommending that the salary of Mrs. Ryan, caretaker of the County Council offices be increased to £1 per week, this sum to include all her duties.

After some discussion, it was decided that demands be made on the public bodies using the Council Chamber, and the matter objected to by Mr. Bourke was allowed to stand adjourned.

The minutes were then signed.

ADDRESS AND CHEQUE

Presentation to Mr. Wibberley

FUNCTION IN THE CHAMBER OF COMMERCE

A largely attended meeting of county farmers and others was held on Saturday evening in the Chamber of Commerce for the purpose of making a presentation to Mr. T. A. Wibberley, late Agricultural Instructor under the County Agricultural Committee, who some time since resigned to go into the service of the Irish Agricultural Organisation Society.

Mr. John Scanlan, Vice-Chairman Newcastle West Board of Guardians and District Council, presided.

The Chairman referred to the services which had been rendered to agriculture, and improved farming in the county by Mr. Wibberley, who had proved a benefactor and a blessing to Limerick. They owed him more than he could state.

Mr. William B. Fitt, who acted as hon. secretary to the Presentation Committee, read letters of apology for non-attendance from Mr. Dermot O'Brien, Mr. Peter Fitzgerald, J.P., and Canon Vance.

Mr. T. W. W. Bennett, J.P., also alluded to the good work done in the county, and said that Mr. Wibberley was a great loss to them all. What was a loss to the county, however, was a gain to the Agricultural Society which had secured his services.

The Chairman then presented Mr. Wibberley with an illuminated address, with the signatures of the subscribers, the work having been done at the printing establishment of Mr. A. J. Eakins. Accompanying the presentation was a cheque for a substantial amount.

Mr. Wibberley acknowledged the compliment in an interesting reply, and the proceedings concluded with a vote of thanks to the Chairman, and to the Honorary Secretaries, Messrs. Fitt and Gibson, a letter being received from the latter expressing regret that as one of the Honorary Secretaries he was prevented from attending through illness.
