COUNTY LIMERICK TRAGEDY.

Wife Returned for Trial.

Son Discharged.

The Ballingarry Courthouse was again crowded yesterday, when Mrs Mary McCann and her son, Jeremiah, were further brought up on remand before Mr P D Sullivan, R.M., on the charge of having at Gortroe West, County Limerick, on the 22nd of April last, murdered Thos. McCann, husband of the first, and father of the latter prisoner.

Detective Constable O'Mahony stated that on the 19th April the female prisoner said at Ballingarry Barracks—"It is a wonder Tom is not arrested; I don't know why they did didn't arrest him; if Tom was arrested he would tell the truth." Witness on searching the deceased's house on the 30th of April found a piece of a shirt stained with blood. On the 3rd June Mrs McCann said—"I heard him muttering on he going out the door after he called Mickey. The man was not able to speak, I could hear any shuffling that would be in the yard. None came into it. None struck him from outside. If we let the old vagabond where he was outside the thing would be all right." The female prisoner before leaving the barrack said to her son Tom—"Ah, 'tis you have us here. I heard you saying you were sure of it. You got your lesson back on the road."

Thomas M'Cann, son of the female prisoner swore that the deceased made his will after Christmas; on the morning of the 22nd of April his mother called him; he went out to the yard and saw the deceased lying there; there were three or four cup-falls of blood on the ground, and also blood on deceased's face; witness related how he brought the deceased into the house and stripped him, and his mother washed him; he did not know what became of deceased's every day clothes; witness stopped the female prisoner from striking the deceased with a hatchet some months previously.

Answering questions by Mr Ryan, solicitor for the accused, witness said the deceased had enemies.

Mary M'Cann, daughter of the deceased, also gave evidence

Mr Gaffney, C.S., applied to have the prisoners returned for trial at the next Assizes.

Mr Ryan addressed the Court, and asked his worship to discharge the prisoners.

Mr Sullivan discharged Jeremiah M'Cann and committed the female prisoner for trial to next Assizes for the County Limerick.

FATAL ACCIDENT IN ENNIS.

A shocking fatal accident occurred in Ennis on Tuesday to one of a party of workmen of the County Council who were engaged in removing the large wheels of a steam-rolling engine. There were five of these wheels, which are of great weight in the grounds at the rear of the County Courthouse. Four were successfully removed, and the fifth was being handled when a timber support gave way, and the wheel began to run. One of the men, Pat Kenneally, about 35 years of age, was caught by it, and so badly injured that death was practically instantaneous. At the inquest to-day a verdict of accidental death was returned.
