Patrick Heffernan, a driver in the employments of Mr Fitzpatrick, Mungret-street, deposed to having the calves placed in a covered carriage at Mr O. Ryan's at about 12 o'clock on the 16th May; he drove them on to the defendant's place, where the calves were taken out by two men and placed in a shed; the defendant was standing by the side of the car while the calves were being taken out.

Mr H O B Moran, solicitor, who appeared for the defendant, contended that the defendant had no knowledge that the calves were brought from a scheduled area.

Mr. Craig said the calves were brought in a covered carriage and the defendant had full knowledge as to where they came from. The Department took such a serious view of the case that O'Grady's place had been scheduled.

The Bench imposed a fine of £1 and 1s costs, and they wished it to be known that similar offences would be dealt with more severely.

Other cases of alleged infringement of the Cattle Diseases Order were adjourned for a fortnight.

Limerick Horse Show

Limerick's great Annual Horse Show will be held at the Markets, Limerick, on Thursday and Friday, the 25th and 26th instant, and there is every reason to believe that the fixture will be successful from every standpoint. Munster can turn out the best horses and cattle in all Ireland. Situated as it is in the centre of one of the finest horse-raising centres in the world, the quality of the horse flesh at Limerick Show should leave very little to be desired, and the same, too, might be said of the cattle. The fact that the Cattle Section is confined to Munster does not mean that the exhibits in this department will be restricted. This section has shown considerable development in recent years, and is, this year, expected to be a feature of the Show. In both these departments the Secretary, Mr. John Cahill, has to deal with quite a stream of entries, so that, on to-morrow (Saturday), the 13th instant, when the entries close, the aggregate of these entries will be far in advance of that recorded at any previous Show in Limerick. The active committee in charge of the arrangements are sparing no pains to make the forthcoming Exhibition as attractive as it will be interesting and instructive. For young 'chasers there will be several classes, and on both days of the Show there will be Jumping and Driving competitions, while there will be also a Military Jumping competition. In these contests keen competition is promised, and there is every reason to believe that they will prove very exciting and attractive. In addition to horses and cattle, there will be classes for butter, sheep, swine, goats and poultry. There will also be a Cattle Judging competition for sons of farmers in County Limerick not more than 25 years of age; also demonstrations on Bee-keeping and on Milking by the Moreton Milking Machine. When it is mentioned that over £600 will be given in prizes one will get a ready idea of the scope and importance of the Show.

We beg to remind our readers that entries for all classes in horses, cattle, etc., at the Limerick Horse, Cattle, etc., Show on the 25th and 26th June, close on to-morrow (Saturday), but will be received by post up to the following Monday. Intending exhibitors will much oblige by sending in their entries promptly, as the time available for printing catalogue is this year shorter than in previous years. Jumping and driving entries will be received up to the 24th instant.

Croom Board and Council Adjourn

The Croom Board of Guardians and District Council yesterday passed votes of condolence on the death of Mrs. Butler, Gortroe, Croom, and Mr. T. B. Naughton, clerk of Rathkeale District Council, and adjourned the business of both bodies as a mark of respect.

Labourers on Strike

A number of agricultural labourers in Swanley district, says a Central News wire, have left work demanding a minimum wage of 24s a per week a half-day's holiday,

ance by a by-street. This thoroughfare is one that the citizens are justly proud of, and it is also the admiration of those who visit the city. This meeting requests the County Borough Council to grant an interview to a deputation from the residents of both streets in order that its views on the subject be placed before the Council with the hope that the wishes of the ratepayers will be acceded to."

Mr J Dodds, LL B, solicitor; Rev Father Hennessy, Prior, O S A; Rev Mr Greaves, Methodist Minister; Mr Turner, National Bank; Mr T H Brett, Munster and Leinster Bank; Mr Bryan Sheehy, C E, who gave details of cost of various methods, and Miss Nelson supported the resolution, which was put to the meeting, and carried unanimously.

A Working Committee was formed, and also a deputation appointed to wait on the County Borough Council.

Mr J J Delaney, J P, was appointed hon. treasurer, and the secretaries, who wished to resign, were asked to continue for the present.

A vote of thanks to Mr Quin for presiding concluded the meeting.

A. O. H.

RATHKEALE DIVISION 701.

At the usual fortnightly meeting of the above Division held on Sunday evening last, the Division President in the chair, the following resolution was passed:—"That we, the members of the Rathkeale Division A. O. H., take this opportunity of congratulating our worthy and popular member, Bro. D. J. Madden, on his signal and magnificent victory to the office of District Councillor for the Rathkeale Urban E.D."

The resolution was unanimously seconded and spoken to by several members and carried amid acclamation.

Bro. Madden, in an eloquent reply, thanked the members for their kind resolution and the nice things said about him, and for their loyal support and influence on his behalf.

A resolution congratulating Mr. John Redmond, M.P., and the Irish Party for the able and successful manner in which they piloted the Home Rule Bill to a successful issue in the House of Commons was passed with applause.

A discussion took place relative to the proposed excursion to Kilkee in the month of July, and a committee was appointed to make arrangements with the railway companies concerned.

A vote of sympathy on the regretted death of the late Mr. T. B. Naughton, Clerk Rathkeale Union, a gentleman who was respected by all who knew him, and a staunch and true Nationalist, was passed in silence.

It was decided that during the summer months to hold monthly meetings on the first Sunday in each month until further notice.

Death of Mrs. Reardon, Edward-street

It is with sincere regret we announce the death of Mrs. Elizabeth Cecilia Reardon, 9, Prospect Hill, Edward-street, at the early age of 26 years, which sad event took place at Barrington's Hospital after a long and painful illness, borne with all Christian patience and fortified by the rites of holy religion. She leaves to mourn her loss her husband and two children. The remains were removed to St. Michael's R. C. Church on Wednesday evening, and from there on Thursday at 3.30 to Mount St. Lawrence Cemetery. Rev Father O'Connor, Adm, St Michael's, and Rev Father Thornhill, C C, do, attended at the burial. The chief mourners were—Edward Reardon (husband), Thomas and Mrs Lenihan (parents), Michael and Thomas (brothers), Helena, Agnes, Margaret, Lily, and Sarah (sisters), John Creagh, Mrs Creagh (sister-in-law), and family; Francis Reardon (brother-in-law). The funeral attendance, which was very large, testified to the extreme sympathy and respect for her husband and family in the sad event. A list of the public who attended was quite impossible. The following bodies were fully represented:—The Amalgamated Society and Loco. Engineers' Staff G S & W Railway Company; the staff Cleeve Bros; the staff of Messrs Stewart, Ltd; the staff of Messrs M'Birney and Co, Ltd; the R I Constabulary; the Police Pensioners' Society; the Council, sub-committee, and members of the Pioneer Total Abstinence Association; the Ancient Order of Hibernians, and St Michael's Temperance Society.

LEADS TO LITIGATION

HERBERTSTOWN COMMITTEE DECREE

CLAIM BY MR. ARMITAGE

INTERESTING CASE AT LIMERICK QUARTER SESSIONS

At the Limerick Quarter Sessions on yesterday, before County Court Judge Law Smith, K.C., Mr. G. P. Armitage, Kilmumin, Belmont, King's County, sued the Committee of the Herbertstown Race Company for £12, being the value of a race won by the plaintiff's horse, "Sunbeam," at the Herbertstown Race Meeting on the 19th February, 1914. The race was confined to horses 15 hands high. Mr. D. T. J. Sherlock (instructed by Mr. A. Blood-Smyth, solicitor), appeared for the plaintiff, and the defendant company was represented by Mr. L. O'B. Kelly (instructed by Mr. J. J. Power, B.A., solicitor).

The plaintiff, in reply to Mr. Sherlock, proved the entry of the horse in the race, and also the measurement; in support of the measurement he produced two certificates, one from Mr. Freeman, the official for measuring polo ponies in Ireland, and the other from Mr. Nolan, V.S. Blirr; both certified that the animal was not more than 15 hands high; after the race Mr. Craddock, when the rider had weighed in, was taking the animal away, and Mr. Delmege followed him and said he should get the horse measured; Mr. Delmege directed the man to take the horse to the police barrack at Herbertstown, but Mr. Craddock objected to the measuring stick and the unsuitability of the place; Mr. Craddock did not try to run away, as suggested by the defendants; the horse was not more than 15 hands high, and there was no truth in the suggestion that the horse was specially prepared for the event.

For the defence Mr. James O'G. Delmege deposed that he was of opinion that the horse was all right, but some local man told him that the animal was more than 15 hands high and he would make a bet with witness of £10; witness then directed that the horse be taken to the police barracks; he measured the horse with a stick made by a local carpenter and found he was 15 hands and a half an inch high; Mr. Craddock did not try to run away with the pony in any way; finding that the horse was over the height he disqualified him; he informed Mr. C. J. Bentley and the stewards and the latter held a meeting on the following Sunday, disqualified Mr. Armitage's horse, and awarded the race to a horse which was second and was owned by Mr. J. J. Parkinson.

Mr. C. J. Bentley and other witnesses having been examined.

His Honor, in giving judgment, said he was not satisfied with the method in which Mr. Delmege measured the horse nor with the apparatus he had used. The proper way to measure an animal was by the recognised measuring stick used in all cases. His Honor found as a fact that the pony did not exceed 15 hands. He very much regretted that the defendants in conducting their case had made allegations against the plaintiff, allegations which there was no evidence whatever to sustain. He gave a decree for £12 and allowed £3 expenses.

The Irish in Chicago

CABLEGRAM TO MR. JOHN REDMOND

Mr. John Redmond, M.P., chairman of the Irish Parliamentary Party, has received the following cablegram:—"Chicago, 11th June, 1914—Hon John E. Redmond, London—Your announcement received here to-day of forming a National army for the defence of old Ireland and Home Rule has sent a thrill of joy through your friends here. The untied Irish Societies of Chicago are with you to a finish, whether it be peace or war.—James T. Clark, President United Irish Societies."

Yesterday evening as Rev. Mr. Taylor, Mrs Taylor and a visitor were motoring from the Rectory to Kilmallock, Mr. F. C. Calvert was motoring out of the town, and going in the direction from which they were coming. At a point where the road branches towards Mount Coule there is a sharp curve in the approach to which the view of either road is obscured. When it was reached both cars met and collided. The occupants fortunately escaped without injury, but the cars were damaged to the estimated value of £300
