"Charley's Aunt" in Limerick

LAUGH WHILE YOU MAY

A great treat is in store for old and young. On Thursday, Friday and Saturday, September 24th, 25th and 26th, Mr. Lloyd Thomas' principal company will pay a visit to the Theatre Royal. This is an opportunity which we can safely recommend our readers not to miss. This world-famous farcical comedy, aptly designated as "the funniest play that ever was written," continues to convulse with laughter audiences in every country and of every nationality from Pekin to Peru, not to mention Brazil, "where the nuts come from."

The cast is a very strong one, indeed, many of the artistes having played in the late author's own companies. The present company, with very few exceptions, has been together for the past year, and were originally rehearsed under the supervision of the author himself. Mr. Henry Nelson, who plays the part of "Spettigue," was one of the company who were specially selected by the late Mr. W. S. Penley for

FOR UNBEATABLE VALUE!

The Late Mrs. Fitzgibbon, Clare Doctor's Application Bruree

Our Kilmallock correspondent writes:—The unexpected death, after a somewhat prolonged illness, of Mrs. Edmund Fitzgibbon, Bruree Cottage, which sad event recently occurred, caused a profound and painful shock amongst her large circle of friends. The deceased lady who belonged to one of the oldest and most respected families in the district, endeared herself to all who made her acquaintance by her gentle and amiable disposition and her unvarying courtesy and kindness. The remains, after Requiem Office and High Mass were offered for the repose of her soul, were removed from Bruree Church to Tankardstown and the immense proportions of the funeral—one of the largest seen in the district for years—afforded eloquent testimony to the great esteem and respect in which she was held. The clergy officiating were—Rev T Murphy, C C, celebrant; Rev M Carroll, O C, Colmanswell, deacon; Rev J Carroll, C C, Dromin, sub-deacon; Rev G O'Connor, P P, Bruree; Rev P Hurley, P P, Ballygran; Rev James Carroll, C C, Kilmeeedy; Rev J Dolan, C C, Limerick; Rev P Higgins, C C, Kilmallock. FUNERAL OF MR. EDWARD PUNCH, CRATLOE

The remains of the late Mr. Edward Punch, Cratloe Castle, who died on Tuesday 8th, were removed from his late residence to the Catholic Church, Cratloe, on Wednesday last, and after Office and High Mass on Thursday, the funeral left for Mount St. Lawrence Cemetery, Limerick. The cortege was very large, and bore testimony to the esteem in which the deceased was held, and the sympathy expressed to the family in their bereavement. Clare Doctor's Application For Suitable Residence

DISCUSSION AT SCARIFF GUARDIANS

At the last meeting of the Scariff Board of Guardians Mr. D. Healy, V.C. presiding, a letter was read from Dr. P. J. Holmes, Killaloe, requesting the Guardians to build a suitable residence for him, as the house he occupies at present is in a dilapidated condition, and there is no other house in the district where he could remove to.

Clerk—What's the feeling of the Board, gentlemen?

Mr. St. Laurence said that there were plenty houses in Killaloe.

Mr. James O'Brien—I propose you mark it "read."

The Clerk—Gentlemen, you should consider the Doctor's application. You must provide him with a residence, otherwise he can reside where he likes.

Mr. Hibbert—Appoint another Doctor if you have to build a house.

The Clerk—If you made inquiry and found a suitable house could be obtained it would be different. I am only suggesting a way out of the difficulty.

Mr. Burke—Adjourn it for the attendance of the Killaloe Guardians.

After some further discussion the matter was referred to a Committee of the Guardians for the Dispensary District to inquire into the matter and report to the Board.

ABBEYFEALE WATER AND SANITARY CONDITIONS

(FROM OUR CORRESPONDENT.)

At a meeting of the W. N. H. A., held at the Courthouse, Abbeyfeale, Mr. Jeremiah M. Carthy presided. Mrs. Bibian Foran, Chief Organiser; Mrs. P. Broderick, Hon Sec; Miss K. Cotter, Hon Treasurer, and Mr. P. Broderick, secretary, were also present.

Mrs. Broderick having explained how other matters in connection with the branch progressed, referred to the present state of the water supply and the sanitary condition of the town.

Mrs. Foran—Is there not a sufficiency of water?

Chairman—There is one day's supply at any time, but in dry weather there can be none, owing to the absence of any reservoir sufficiently ample to retain it.

Mrs. Foran—Is there no provision made against fire, or any epidemic that may arise?

Chairman—None.

Mrs. Foran—That is a very serious matter for the people of Abbeyfeale, and also for those responsible for it. It was certainly an extraordinary state of affairs for a town like Abbeyfeale.

Chairman—It was necessary to construct a reservoir capable of holding at least 100 days' supply. There is as much water flowing uselessly away every day as would supply three towns if any effort were made to conserve it.

After further discussion the following resolution was unanimously adopted—"That we again urge on the Sanitary Authority the great danger that daily menaces the lives of the people of Abbeyfeale owing to their negligence in providing a proper reservoir to conserve a water supply for the town. That we also urge
