Dromcollogher Hibernians

At the last meeting of the Dromcollogher Division of the A.O.H., Mr. Maurice Irwin, D.C., in the chair, the following resolutions were adopted unanimously:—
Proposed by Mr Edmond B Murphy, seconded by Mr. Denis Hannigan:—"That we regard as incapable of reasoning the half-witted factionists who support the pernicious idioy of Sinn Fein. As the Orangeman lives on the slanders associated with the Battle of the Boyne, so do the narrow-minded bigots of Sinn Fein nurse the festering memory of the priest-hunters of Elizabeth, and the pitch-cap, triangle and gallows of '98; these self-constituted national leaders now furiously bidding for public notice can see no difference between Cromwell's Ironsides and the English democrats who passed Home Rule, but spew rancorous hatred at everything English whilst insanely wishing success to that sacrilegious savage, the Kaiser, as if he would not butcher Irish as he did Belgian women and children, and gloat over the ruin of every homestead and church in Ireland as in France; finally, that we look upon the advocates of Sinn Fein as past praying for, and recommend their committal to a home for imbeciles."
Proposed by Mr. D. J. Broderick, seconded by Mr. John Fitzgibbon—"That the appointment of Sir Matthey Nathan, an English Jew, as Under-Secretary for Ireland—a post for which no Irishman even to-day is deemed fitting—shows once again how hopeless is the task of enlightening England on the needs, sympathies, and aspirations of the Irish people, and increases our longing for the day that Home Rule in operation will enable Irishmen to govern themselves according to Irish ideas."

CAUTION.

URIC ACID is a poison that attacks the weakest part first. A brain worker will have nerve trouble or rheumatism. A strong, healthy-looking person will be liable to gravel, or stone, heart trouble, dropsy or gout.
Uric acid and poisonous waste are always getting into the blood from your food and from the wear and tear of the body. But the kidneys filter it out and keep the blood pure. Every twenty-four hours they remove about 500 grains of urinous poisons and three pints of water from the blood.
But when the kidneys are weak, they leave some of this poisonous waste in the blood and it gets carried all parts of the system. It makes you feel all, heavy and drowsy; your back is bad, your head bad; dropsical swellings may appear in the ankles or about the eyes; you may get rheumatic twinges, lumbago attacks, or dizzy spells. The bladder acts too often; there may be sediment, gravel or cloudiness of the water.
When the kidneys are ill, they need a kidney medicine. Ordinary medicines won't do—they cannot cleanse or relieve the kidneys. Doan's Backache Kidney Pills are solely for the kidneys and bladder. They relieve the kidneys and urinary system like ordinary medicines relieve the bowels. They take out uric acid and other kidney poisons, the great cause of stone, inflammation of the bladder and rheumatism, and they drain away the accumulated water in dropsy. An Analyst's Certificate that the Pills contain no poisonous drugs or harmful ingredients accompanies every box.
In 2s 9d boxes only, 6 boxes 13s 9d. Never sold loose. Of all chemists and stores, or from Foster, McClellan, Co. 8, Wells-street.

LATE MR. C. FOLEY

THE FUNERAL OBSEQUIES

The funeral of the late Mr. C. Foley, Bailin-vallig, Newcastle West, whose lamented death we announced in a recent issue, was one of the largest seen in West Limerick for many years. It was strongly representative of all classes in the community, and afforded a striking evidence of the widespread esteem entertained for the deceased and his family and numerous relatives. The late Mr Foley, who was only 38 years of age, belonged to a widely-respected stock, and was himself highly esteemed by all who know him.
