Proprietor of "Londonderry Sentinel" Dead.

Mr William Colhoun, proprietor of the "Londonderry Sentinel" died in Londonderry this morning.

GERMAN AGENTS AT WORK.

Promoting and Fostering Strikes.

To Delay Output of Munitions.

The "Times" says:—An organized plot is in operation in this country by which German agents are promoting and fostering strikes among our workmen. The object is chiefly to prevent or delay the fulfilment of contracts for the manufacture of munitions of war, and also, no doubt, to obtain as much information as possible regarding the processes of manufacture and other details which would be of service to the enemy. Already convincing evidence of the reality of this plot has been obtained by the Intelligence Division of the Admiralty. It has been discovered that the agents take every opportunity of associating with the workmen in their leisure time, and artfully suggest new grievances, or foster any that they may find already existing. Even if these agents do not always succeed in bringing about an actual strike they may at least hope by spreading discontent to cause their victims to play frequently, and so diminish output. Moreover, they are undoubtedly doing all they can to induce the workmen to drink too much, another easy means of accomplishing their object. As they have plenty of money they are able to "stand treat," to foster drinking habits, and also to win the confidence and friendship of the unwary. It is hardly necessary to add that the authorities are making every possible investigation.

DEATH OF MISS GUERIN.

We regret to record the death of Miss Margaret Mary Guerin, eldest daughter of our highly-esteemed Post Master, Mr M Guerin, which took place at her residence, 7 Victoria Terrace, yesterday. The deceased young lady had been unwell for some time, but it was hoped she would soon be convalescent. Her demise has come as a great shock to the family, by whom, as well as by numerous friends, she was beloved for her bright and winsome manner and remarkable musical gifts. Deep sympathy will be extended to Mr and Mrs Guerin in their keen sorrow. The remains will be removed to St Michael's R.C. Church to-morrow (Good Friday) evening, at 8.30, and the funeral takes place at 11 o'clock on Saturday morning.

Mr Doohan—There is a lot in what you s

Mr Kerin—I am not personal towards her I am only speaking of the general unfairness of this system.

Mr Hannon—I am informed that the D are going to make a general application to u next day for increases of salaries. What wi do? I think we ought to fight them to a f (Laughter).
