Government have informed the Bulgarian Govern-  
ment through the Swedish Minister in London,  
who is in charge of Bulgaria's interests, that a  
state of war exists between Great Britain and  
Bulgaria as from 10 p.m on October 15.

### Serbia Declares War.

(Press Association Telegram).

We are informed by the Serbian Legation in  
London that a declaration of war has been pro-  
claimed by Serbia with Bulgaria, in consequence  
of the Serbian Army having been attacked by  
Bulgaria on the Zultohar and Radiovatz frontiers.

### Another German Outrage.

#### English Lady Executed in Brussels.

Press Bureau, Friday, 10.30 p.m.

The Foreign Office are informed by the United  
States Ambassador that Miss Edith Cavell, lately  
head of a large training school for nurses at  
Brussels, who was arrested on the 5th August last  
by the German authorities of that place, was  
executed on the 13th inst, after sentence of death  
had been passed on her.

It is understood that the charge against Miss  
Cavell was that she had harboured fugitive British  
and French soldiers and Belgians of military age  
and had assisted them to escape from Belgium in  
order to join the colours.

So far as the Foreign Office are aware no charge of  
espionage was brought against her.

### Rev John Gwynn, S.J.

We regret to record the death of the Rev. John  
Gwynn, S.J., which, as announced by the War  
Office, occurred on the 12th inst., in France.  
Father Gwynn, who had been attached to  
Mungret College, volunteered for the front shortly  
after the outbreak of war, and was appointed  
chaplain to the Irish Guards. He was wounded  
in January last, and since then his health has not  
been good. He was in hospital more than once,  
suffering from rheumatism.

Born in Galway in 1866, he entered the Society  
of Jesus in 1884, and studied in Louvain Univer-  
sity. He was subsequently a Professor in Clon-  
gowes and in University College, Dublin. He  
was a member of the Governing Body of Univer-  
sity College. The news of his death has been  
heard of with great sorrow in Limerick.

### Urgent Message from Lord Kitchener.

The 'Birmingham Post' has received the fol-  
lowing message from Lord Kitchener to the  
people of Birmingham, with reference to the re-  
cruiting campaign in that city :—

"I am glad to hear of the recruiting campaign  
in Birmingham. You have already done much.  
I ask you to do more. I need more men, and still  
more, if the armies now in the field and the  
armies which will, in their turn, proceed abroad  
are to be kept at their proper strength. I appeal  
earnestly to all men who are able-bodied, and can  
be spared to respond to the call, unless they are  
satisfied to allow the many lives given by their  
gallant fellow-townsmen to have been given in  
vain. I can only do my duty by the country if  
you do yours by me. We must have more men,  
and at once."

bre k of the war. many of that big number  
have fallen in battle, and several wounded. The  
majority of the Limerick men have joined Irish  
regiments.

### Sir Edward Carson and the Cabinet.

#### "He has Resigned."

The Lobby correspondent of the "Daily News  
and Leader" states—The truth about Sir Edward  
Carson's position is this. He has resigned his  
office, but the Government do not announce the  
fact because they hope that in the interests of  
unity he will withdraw his resignation. He issued  
a semi-official *dementi* on Wednesday night, and  
this is regarded as a sign of grace, although he  
has not yet withdrawn his resignation, and there-  
fore did not, of course, attend the Cabinet yester-  
day. It is not known what is the real reason for  
Sir Edward's resignation ; he does not appear to  
have made his position clear.

### Greece Must Fight Bulgaria

The "Times" discussing the choice of Greece'  
says :—Greece must fight Bulgaria if she i'  
not to sink into utter subservience. If  
she does not fight now, she will have to fight in  
a few years, and then the fight may well be  
the hopeless duel predicted by the ex-  
Premier. It is not for us to suggest what  
means the Allies may employ to bring home to her  
people, in ways which cannot be misunderstood,  
the advantage of accepting their invitation  
to act with them, and the disadvantages of reject-  
ing it.

But it does not require much imagination to  
discern that the dominant Mediterranean Powers  
can imply strong incentives to a flourishing  
maritime and commercial State in favour of com-  
pliance with their friendly representations. That  
those representations will be firm as well as  
friendly we have no sort of doubt. The situation  
does not admit of half measures any more than it  
admits of uncertainty or of delay.

### Five Thousand Civilians Shot in Belgium by Germans.

Havre, Friday.

From official reports which have reached the  
Belgian Government, it appears that Prussian  
soldiers, by orders of their chiefs, have shot in  
Belgium more than 5,000 civilians. This figure,  
it is pointed out, is approximate and provisional,  
for numerous local bodies, fearing reprisals, have  
not dared to draw up official reports on the  
matter. Here are the figures at present known :  
—In Antwerp, 200 ; in Brabant, 800 ; in Flanders,  
100 ; in Hainault, 400 ; in Liege, 845 ; in Lim-  
bourg, 40 ; in Luxembourg, 1,000 ; in Namur,  
1,800.

### SURPLUS OF MUTTON IN VICTORIA.

Melbourne, Saturday.

The Victorian Ministry expects an exportable  
surplus of mutton and lamb throughout the  
season, and will therefore advise the Common-  
wealth to lift the embargo on exports.
