AN ENTERTAINING RECITAL.

Next Friday evening, at 8.15, at the Royal George Hotel, Miss Ada L. Ward, LL.A, a lecturer, entertainer, and blackboard cartoonist with a wide reputation and increasing popularity, will provide a very interesting evening in the series of the Thomond Hall Recitals. Whether it be as a mere entertainer, amusing her audience by humorous stories, or stirring them to the very depths by passionate appeals; whether it be as the clever teacher, brightly instructive and entertaining with her blackboard, or as a lecturer, decided in her language, clever in her methods, pointed in her illustrations, she never fails to carry with her the sympathy and enthusiasm of her listeners. Her first visit to Limerick on next Friday evening is sure to gain for her an appreciation undoubted and sincere. A critique of one of her recitals given some time ago in Wales said—"One most blad member said it was the best evening he'd had for years"—an opinion that many in Friday night's audience will certainly also bring away with them.

SAD DROWNING ACCIDENT.

The body of Mrs Lee, mother of Mr W F Lee, Castleconnell, was found in the Shannon near the ship on Saturday, under circumstances which would lead to the belief that she had fallen into the river. The deceased lady was held in high esteem, and deep sympathy is felt in Castleconnell and surrounding districts for the members of her family in their bereavement.

grants.

Mr McKenna informed Mr John Redmond in the House of Commons yesterday that the Treasury was prepared to place on the Estimates for the coming twelve months such provision for horse-breeding in Ireland as the Department of Agriculture may consider necessary, but the sum must not exceed the amount voted in 1915-16.

Mr Montagu announced that the Treasury had modified its decision regarding the stoppage of the grant for the Royal Irish Academy of Music.

ALLAN LINER DISABLED OFF CORK HARBOUR.

News has reached Queenstown that the Allan liner Pomeranian, outward from Glasgow and Liverpool to Canada, is disabled 100 miles west of The Fastnet. She encountered the recent terrific gale, and had her rudder and steering gear carried away, leaving her helpless. A Liverpool message says the Pomeranian is making Queenstown all safe, another vessel standing by.

FATAL BURNING ACCIDENT.

Yesterday, at Barrington's Hospital, Mr J F Barry, J.P., City Coroner, and a jury, held an inquest as to the death of Mary Cherry, 18, who died in the institution that morning as the result of injuries accidentally sustained. The young woman was getting ready dinner on Saturday at her residence, when her clothing took fire and she was badly burned on the face, head, and arms. She lingered in great agony until three o'clock on Monday morning, when death ensued. Dr Holmes, resident surgeon to the hospital, having, with other witness, given evidence, the jury found in accordance with the medical testimony, that death was due to shock, consequent on the injuries received by the deceased.
