THE CITY CORONERSHIP.

Resignation of Mr J F Barry.

Mr James F Barry, who has occupied the position of City Coroner, has sent in his resignation of the office to the Corporation. Mr Barry held the position since 1911, when he was appointed on the death of Mr Matthew DeCourcy, and during that period he discharged the duties, often trying and arduous, in a manner creditable to himself and to the satisfaction of the citizens. In his letter of resignation addressed to the Mayor under date the 28th June, Mr Barry writes:—"I beg to tender my resignation of the office of Coroner for the City of Limerick, having relinquished my Commission of the Peace as a preliminary step. I take this opportunity of thanking the members of the Council for their unflinching courtesy and kindness to me on all occasions in my discharge of the duties of Coroner. As you have doubtless seen in the Press my authority as Coroner has been questioned in the House of Commons, and I am no longer in a position to enforce my decrees, even to a jury. Taking this and other matters into consideration, I am convinced that resignation of the ancient office of Coroner is the only honourable course open to me, and I now respectfully ask you to accept same. On the occasion of my appointment I promised the citizens of Limerick that I would endeavour to uphold the dignity of the court over which they elected me to preside for the time being, and without egotism I presume to say that I have carried out that trust faithfully.

The letter will come before the Corporation at its meeting to-night for consideration.

CITY RAID.

On Tuesday night a party of police and military raided the Flanna Hall, Little Barrington Street. At the time the place was occupied by some boys, and after a search of the premises the police and military left, having found nothing.

LIMERICK POSTAL TELEGRAPH OFFICE.

His friends in city and county, and they are many, will hear with very sympathetic interest that Mr Mathew Ryan, superintendent Limerick Postal Telegraph Department, has resigned on full pension of his rank after a service of some forty years. Mr Ryan, who is a Limerick man, retires with the best regards of his colleagues and of all with whom he had business relations in the city, by whom he was held in esteem as an invariably courteous, most obliging, and competent public officer. His friends and acquaintances will wish him many happy days in his retirement.

CROOM DISTRICT COUNCIL.

At the fortnightly meeting of the Croom District Council, held on Thursday, 24th June, Shaun Usual O'Clomain in the chair, the following resolution was proposed by Mr William H. Fernan, seconded by Mr John D O'Dwyer, and passed unanimously:—"That pending a satisfactory settlement of the sale of unpurchased lands of Ireland we, the Croom District Council, wish to draw the attention of the public to the fact which cannot be disputed that unpurchased tenants are more unfavourably situated than their neighbours who have purchased, often to the extent of £40 on every £100 rent. That such being so, unpurchased tenants cannot be expected to meet all the demands made on them in the labour market, and for all the necessities of life, which demands have to be satisfied equally with those made on unpurchased tenants.

"Therefore, be it resolved that in future all unpurchased tenants demand a reduction on existing rents which will be the equivalent of the reduction now enjoyed by their more fortunate purchased neighbours. That a copy of this resolution be sent to the Press, the County Councils, and Rural District Councils in Ireland."

Arising out of complaints made that pumps in the Rural District were often damaged by local parties, on the motion of Mr Lysaght it was unanimously agreed that the Council would issue a caution to parties damaging pumps, that if found wantonly destroying property, they will be summoned before the Sinn Fein Parish Courts and severely dealt with.

LIMERICK ASSIZES.

At 11 o'clock on Wednesday next the Limerick Summer Assizes will be opened by the Hon Mr Justice Moore and the Hon Mr Justice Samuel. The former will preside in the City Court and the latter in the County. There are in all four original cases for hearing, two from the city and two from the county, and these consist of one charge of housebreaking, one of larceny, a third of assault, and a fourth of false pretences. There are fifty-nine appeals, fifteen being for malicious injury, and a few records.

DEATH OF MR. JAMES O'DONOVAN.

Sincere regret will be felt at the demise of Mr James O'Donovan, Athluskard-street, which occurred yesterday evening at Barrington's Hospital. He was a member of an old and respected city family, who have been always engaged in the pig-buying business, in which the deceased was also occupied. He had not been in the best of health for some time past, but it never occurred to his friends that his condition was such as to cause any uneasiness, and hence the news of his death came as a great shock to the many citizens by whom Mr O'Donovan (or Grady, as he was popularly known), was highly esteemed. The utmost sympathy is felt for his brothers and the other members of his family. The remains will be removed from Barrington's Hospital this evening at 7.30 to St Mary's parochial church, and the funeral takes place on Friday at 3 o'clock p.m. for Mount St Lawrence Cemetery.

U.S.A. PRESIDENCY.

At the Democratic Convention at San Francisco yesterday it was stated that Mr McAdoo's name would not be put forward as Presidential candidate. The Sub-Committee is still engaged on the problem of drafting the party platform.
