**An Avalanche of Congratulations.**

Throughout the British Empire the news of Princess Mary's betrothal to Viscount Lascelles has created the warmest satisfaction.

During the whole of yesterday the secretarial and telegraph staffs at Buckingham Palace were kept constantly busy with an avalanche of congratulations, arriving from every corner of the Empire.

London's good wishes were conveyed in a message sent by the Lord Mayor, who later received a reply of heartfelt thanks from the King.

**Date of Wedding Not Fixed.**

In an interview with a representative of the "Daily Express" last night, Viscount Lascelles said—The engagement ring I have given to Princess Mary is a single emerald ring, square cut. Please contradict the report in some newspapers that the wedding is to take place shortly. That is quite untrue; the only thing that has been settled so far is that it cannot take place for some months.

Lord Lascelles added that he thought it unlikely that he would receive a step in the peerage.

**COUNTY LIMERICK TRAGEDY.**

**Drowned in a Well.**

Charleville, Wednesday Night.—News reached Charleville to-day of a tragic occurrence which took place at Kilbreedy, near Stylepark, Bruree, as a result of which a farmer named Michael O'Shea, aged about 60 years, lost his life by drowning. Exact details are not available, but it appears that the deceased was missing from home on Monday evening, and on a search being made his dead body was found in a well near his own residence. It is surmised that he was crossing a plank when he overbalanced himself and fell in, with fatal results. Death was apparently due to suffocation. A daughter of the deceased was to be married this morning.
