the Board. He was still active and energetic, and if elected he (Mr Griffin) felt sure that he would give every satisfaction.

Mr M Griffin also supported the candidature of Mr Joyce, who, he said, would do credit to the position if appointed.

Mr J P Goodbody proposed the election of Capt Carlo Hanrahan, whose testimonials were second to none. He had the advantage of handling large steamers, and in an intricate dock like Limerick that was absolutely essential.

Mr Herriott seconded the nomination of Capt Carlo Hanrahan. His testimonials were excellent, and during the submarine war Captain Hanrahan never failed the city of Limerick. He brought his vessel in and out of port during the four years of the war, and in that way served the people.

There was no other candidate proposed.

Mr D Griffin said although not proposing Capt Timothy Hanrahan for the position he should like to pay a tribute to his ability and seamanship.

In the division the voting was—

For Mr Joyce—Messrs D Griffin, P O'Flynn, W Holiday, and M Griffin—4.

For Captain Carlo Hanrahan—Messrs S J K Royce ft, F J Cleeve, A Cleeve, G E Goodbody, J H Roche, F J Herriott, P Walshe, J P Goodbody, and J N Russell—9.

The Deputy Mayor declared Captain Hanrahan elected and congratulated him on his success.

Captain Hanrahan in reply thanked the members for electing him. He hoped to give the Board the same satisfaction as he had given to his recent employers and merit the same appreciation which was enjoyed by his predecessor by the members.

ELECTION OF AUDITORS

On the motion of Mr D Griffin, seconded by Mr Royce ft, Messrs F A Johnston and H Lilburn were elected auditors for the ensuing year.

SHIPPING

The Secretary reported that six coasters, five traders, and two overseas vessels, arrived in port since last meeting.

RENTAL OF NEW SHED

Mr O'Flynn gave notice that the rental of the new shed at the docks erected for the Clyde Shipping Company, be fixed at £78 instead of £100 a year.

REPORTED SEIZURE OFF IRISH COAST.

Ship Stopped by British Destroyer.

A Cobh (Queenstown) correspondent telegraphed on Sunday:—A report of the capture by a British destroyer of a cargo of guns and ammunition off the southern coast of Ireland on Friday morning, has just reached Queenstown. For the past eight days a patrol of British destroyers, operating off the South and West coasts, has been on the look-out for a ship which left an American port with a cargo of guns and ammunition. The patrol was instructed that the ship would attempt to land them at some point on the South or West coast of Ireland. At daybreak on Friday morning H.M.S Venomous sighted a vessel answering the description of the particular steamer wanted. She was coming from the westward, and steaming in the direction of the Irish coast. The Venomous bided her time, and shortly after nine o'clock, when the ship had got within the limits of the Irish coast, off Castletownbere, the Venomous moved towards her and signalled to her Commander to heave to. The order was obeyed and in a short time the destroyer was alongside. One of her officers, in charge of an armed party, boarded the American ship, and found, it is alleged, a regular arsenal of guns and ammunition on board. The ship, whose name has not transpired, was placed under arrest. The Free State Government was informed, and she was conveyed, it is understood, to Dublin.

ADVENTURE OF THREE COWS.

Three cows, which got into the Shannon somewhere above Thomond Bridge on Sunday afternoon, were swept by the rapid flood under the bridge and taken away down as far as St John's Boat Club, where they were rescued.

DEPRIVED OF THEIR OVERCOATS.

Dundalk, Monday.—Last night while two members of the Civic Guard force at Dundalk were at a dance in Knockbridge 3 miles from the town, armed men visited the hall and took the Guardsmen out. They compelled the Guards to hand over their service overcoats to them, took from them their money and their bicycles, and then dispersed off.

The Guards obtained a motor in the village and got home safely.

THE FATAL SHOOTING OF MISS HARE.

Inquest Resumed.

At 2 o'clock this afternoon in the Town Hall, Mr J. S McNeice and a city jury held an adjourned inquest into the circumstances connected with the fatal shooting of Kathleen Hare, 17, residing in Dixon's Lane, on the night of the 24th Dec.

Lieut Commandant Comer appeared for the military authorities; Superintendent Direen for the Civic Guard, and Mr G Ebrill, solr, represented the next-of-kin of the deceased.

Lieut Wm Squires gave evidence that on Xmas Eve he was ordered with three soldiers to get into mufti, and reached Davis-street at about 11.5 p.m. He saw three uniformed officers of the National Army being held up there by two civilians. Witness identified one of the civilians as Pte O'Dwyer, and the other man was named Benson. Witness enquired their authority for holding up officers in uniform, and O'Dwyer said he was acting under orders of Brigadier Murphy. Witness conveyed the two men to the corner at which Brigadier Murphy was standing—Bermingham's corner. He there asked the Brigadier if the men were acting under his orders, and he seemed to pay no attention. The Brigadier crossed the road and held up two suspicious-looking men. Pte Dwyer had liquor taken, and on being searched was found to have no "gun." Witness told him he was a disgrace to the Army, and Dwyer used threatening language towards him. Witness also noticed Pte Kenny, of Frederick-street, being present. Witness then called his men away, and then noticed two Civic Guards standing at the Queen-street side of the Railway Hotel. Witness was proceeding in the direction of Edward street, and when about at Ronan's restaurant he heard the report of a shot from behind. Witness drew his gun from his pocket, and went back to the party he had left and demanded to know who fired at him. One of the Civic Guards, who was on the footpath before witness reached the party, told him that the shot had not been fired at him, it was only fired in the air. Witness then proceeded to an open space in Edward street, and remained there until 12.25. He then patrolled Vize's Fields, Richmond street, and Wolfe street, returning by Edward street. He halted a motor car at the corner of Dicken's Lane; the occupants of the car were Sergt. Neilan, and Lieut Hughes, he was telling them about Dwyer and the shot that rang out, when Lieut Kelly came on the scene and two Civic Guards almost immediately. One of the Civic Guards told him that the shot that was fired that evening had killed a little girl. Witness then asked him why he had told witness that the shot had been fired in the air, as witness might be able to get the man who fired it. The Civic Guard said he was in dread he would shoot. In the opinion of the witness, the shot fired was a revolver shot and not a rifle shot.

Examined by Lieut O'Connor—I did not search Kenny, but did O'Dwyer. There was a group of about six people around the lamp there. He identified Kenny, O'Dwyer, and Benson in the group. He heard no cry, and did not know that anything untoward had happened until afterwards.

To a Juror—He saw no sign of the deceased that night.

Dr Charles McDonnell stated that he examined the body of the deceased and found life extinct; he found a wound roughly circular in shape in the back of the head and about the size of the top of a finger; he saw no exit wound. Death was due to laceration of the brain which could have been caused by a revolver bullet.

Dr W P Dundon, house surgeon, Barrington's Hospital, corroborated the evidence of the last witness.

Volunteer John Keehan, Military Police, stationed at Mary street, corroborated the evidence of Lieut. Squires.

Wm Lloyd, a member of the Limerick Civic Guard, stationed at Edward street, stated that he met a military patrol under Brigadier Murphy near the Railway Station on the night of the 24th inst. At 11.15 a shot was fired and he went to inquire who fired it, but could not ascertain. The shot came from the direction of the lamp post. About five minutes after the shot was fired witness noticed a crowd at the door of Charles Cavenagh's house, and went there to see what was the matter. Witness was told by a woman in the house that a little girl was shot. A priest and doctor were sent for, but the girl was dead before they arrived.

To Lt.-Comdt Connor—He did not see who fired the shot, but at the time there were about four civilians at the lamp post.

Brigadier T Murphy, G.H.Q., Limerick, stated he was in charge of a patrol on the night of December 24th, and was in the vicinity of the railway at about ten minutes to eleven. Witness was there about ten minutes and held up suspicious people, the patrol consisted of 5 and himself, Lieut Squires came down Queen street and asked him some question, which he took no heed of, as he had two men across the road under observation, and was in the act of going towards them. While he was examining those two men a shot rang out. Witness then came back to Queen-street corner and asked who fired the shot, and one of the men said he did not know. Two of witness's men were there. There were some civilians knocking about at the time. Witness did not know then that the girl had been shot, nor had he any idea where the shot came from.

To Mr Ebrill—There were no soldiers under any military control about the lamp except those under the control of witness and of Lieut Squires. No soldier would have the right to go out armed with a revolver except under the orders of an officer. It would be against the regulations for a soldier and a civilian to go around holding up people. After the revolver shot was fired witness searched all the people under the lamp post. He knew Dwyer, Kenny, and Benson, but did not see them when making the search. He found no arms.

The jury returned a verdict that the deceased died from a bullet wound inflicted by some person unknown, and expressed sympathy with her parents and family.
