 munication, and at the present moment 200  
 districts in the Counties of Cork, Waterford,  
 Tipperary, and Clare are isolated.

Since the Truce on July 12th last the greatest  
 efforts are being made to repair the damage done  
 in important centres, and further progress would  
 have been made but for the fact that repair  
 estimates were overstepped, and there is not  
 sufficient money available. Restorations in the  
 Southern area during the course of a month's  
 trouble cost £20,000.
