sh—Limited entry but good g milchers, £20 to £26 10s; 0s; small, £10 5s to £14.

seldom reached in this climate.

For household purposes as well as for the swimming bath, our new water-main proved exceptionally welcome and useful.

Owing to the discontinuance of Mountmelick School, the Henrietta Williams' Scholarship was kindly offered to Newtown for the year, and we have gladly agreed to house their library which contains many useful volumes supplementary to our own.

The Old Scholars' Association presented the School with a dissecting microscope which will be useful alike for voluntary nature study and for class teaching. During the autumn term, a pleasant reunion was held, and the School was enabled to welcome again many of its past pupils.

In conclusion it is interesting to note that Newtown School was founded during the troubled times of 1798.

THE PADDOCKS, LIMERICK.

Weekly Cattle and Sheep Market.

Wednesday, June 14th—Supply above seasonable register. Active quick trade for promising forward lots at last week's currencies. Top lots drew a bit more. Good all round trade. Sheep, fat, £4 12 to £6 11s; lambs, small, 39. Also satisfactory clearance.

DEATH OF MRS T McNAMARA.

The death took place at her residence, Shelbourne Terrace, Thomondgate, last night, of Mrs. Thos McNamara, after an illness of brief duration. The deceased was wife of Mr. T. McNamara, engineer at the City Home and Hospital, and a former member of Garryowen Football Club, and Athlunkard Boat Club. She was sister of Mr. J. McInerney, of the editorial staff of the "Munster News," and a lady of a refined and affable bearing. Her demise at an early age is a great loss to her husband and young family, with whom and the other members of her family, deep sympathy is felt in their bereavement.
