CITY TRAGEDY.

Man Fatally Shot.

A shooting occurrence took place in Limerick between nine and ten o'clock last night, involving the death of Mr James Foley, New-street, Limerick. Although exhaustive enquiries have been made regarding the tragedy, no actual light has been thrown on it so far as to how the man met his death. It is learned, however, that another man, William Moloney, a linesman on G.S and W Railway, living in Rosbrien, was admitted to Barrington's Hospital last night, suffering from a bullet wound in the right thigh and left heel. From a statement he has made to the Civic Guard, it has transpired that Moloney was with Foley at the time of the shooting, which, he states, took place at the junction of Frederick-street and the Dock-road. Mr Foley, when picked up after the shooting, was taken to St John's Hospital, where life was found to be extinct. He was a young man, and leaves a wife and family to mourn his loss.

An inquest is to be held this evening.

IRISH JUDICIAL SYSTEM.

Parish Courts Abolished.

A decree of the Minister of Home Affairs abolishing District and Parish Courts outside the City of Dublin is published.

The Dail Eireann Courts were abolished in July last, save District and Parish Courts outside the City of Dublin. These remaining District and Parish Courts will cease to exist as from Monday next.

A committee has been at work for some weeks past devising measures for dealing with the business of Dail Eireann Courts not completed at the date of their abolition and for the enforcing of decrees granted by such Courts. Provision will also be made for the trial of prisoners charged before these Courts.

An announcement as to the nature of these measures will be made shortly.
