### PUBLIC HEALTH COMMITTEE.

The Deputy Mayor (Councillor O'Brien) presided  
at the meeting of the Public Health Committee  
last night.

Relative to the notices served on landlords and  
agents of house property in the city to provide  
proper sanitary accommodation for their tenants,  
letters were received in reply to the effect that  
they could not comply with the notices served, as  
they had received no rents out of the property for  
a considerable time.

The Committee took no action in the circum-  
stances.

A letter was received from the City Analyst,  
Mr W. J. Horne, complaining of the dirty con-  
dition in which milk was sent into and sold in  
the city.

The meeting directed that the Inspector of  
Milk Shops, Mr E Barry, be written to with a  
view to having a proper inspection made of all
