THE LATE SIR ALEXANDER W. SHAW.

References at the Harbour Board.

Alderman P Walsh, Deputy Mayor, presided at the meeting of the Limerick Harbour Board yesterday, which was adjourned as a mark of respect to the memory of the late Sir Alexander W Shaw. The other members present were—Messrs M Griffin, B.C., F J Herriott, W Holliday, and D Griffin, B.C. The officials present were—Messrs J F Power, Secretary; M V Morony, Engineer, and Captain O Hanrahan, Harbour Master. After the reading of the minutes, Mr M Griffin proposed the following resolution:—"That we, the Limerick Harbour Commissioners, record our deep regret at the death of Sir Alexander W Shaw, one of the most prominent merchants in this country, and for many years a member of this Board, whose services were of great value, and who endeared himself to all by his kindly manner and great generosity; the charities, not only of this city, but of the country, will miss his great assistance; we deplore his loss, and offer our heartfelt sympathy to Lady Shaw and family, and adjourn this meeting as a mark of respect to his memory." He said they all regretted the demise of Sir Alexander Shaw, who was in every sense a charitable man, and at all times well disposed towards the advancement of his country. He took a deep interest in the industrial movement and the welfare of the people. The country could ill afford to lose a man like Sir Alexander, who had passed away ripe in years and loved and respected by everyone who knew him. Mr Herriott in seconding the resolution said he did so with very great sorrow. The late Sir Alexander Shaw was a model employer, and a man of great charity. The Secretary, in associating himself with the resolution, said he did so as one that was closely identified with the late Sir Alexander Shaw. He was one associated with him could fail to appreciate his great kindness of heart, his amiable disposition, and strong inclination to at all times help and assist where it was required. He took a prominent part in the railway amalgamation fight, and succeeded in safeguarding the interests of the citizens and the rights of the port. No charitable cause appealed to him in vain; he was open-hearted and generous, and only that day he (Secretary) had received a letter from a very prominent Dublin man regretting the death of Sir Alexander Shaw. His death was very keenly regretted, and he desired to offer his sympathy to Lady Shaw, Mr Malcolm and Captain Eric Shaw in their bereavement. Mr Holliday said he desired to endorse what had been said of the late Sir Alexander Shaw by the Secretary. His greatness of heart was known to everyone of them, and the interest he took in their Board and Chamber of Commerce was deep and sincere. Personally he had learned of the sad news with great regret, and felt that it would be hard to fill the place he occupied in the life of the city. The Chairman said the late Sir Alexander was a model employer, and his death was a great loss to the poor, and to the various charities of the city. They all knew how he dealt with his old employes, and amongst every class in the community his passing away had caused very sincere regret. The resolution was then declared passed in silence, the members standing while it was being put from the chair.
