CURRENT COMMENT.

The City Poor.

The distress prevailing in the city has urged the Society of St Vincent de Paul to make a special appeal for funds to help the very many who are victims of unemployment. As was stated by the Bishop, Most Rev Dr Keane, at the recent meeting of the Fuel and Blanket Fund, distress this year is on an unprecedented scale, and it is the duty of those who can afford it to come to the relief of those people, and assist them in their struggle with destitution. In placing £100 at the disposal of the Fund, the Most Rev. Dr. Keane has given the citizens a splendid lead in this great work of charity, and the Society of St. Vincent de Paul, in the special efforts they are making to meet the conditions obtaining, will receive the generous support of the people in their humane and beneficent mission.
