DEATH OF MR JAMES McCLATCHBY.

Deep regret was felt by numerous friends in
Limerick to-day when it became known that Mr
James McClatchey, proprietor of Gibson's millin-
ery warehouse, O'Connell-street, had passed
away in London last evening. A few weeks ago
Mrs McClatchey became ill in London while on
business there, and Mr McClatchey's health
suffered in consequence, but his very unexpected
demise, in the prime of life, has come as a great
shock to all who knew him. Of a very courteous
and kindly disposition, he was a keen business
man, and well known and highly esteemed in
commercial life. The deepest sympathy of
numerous friends will be extended to his widow
and relatives in the bereavement which has come
to them.

COUNTY LIMERICK INSURANCE SOCIETY.

Mr P. O'Halloran, P.C., presided at the annual
general meeting of the County Limerick Health
Insurance Society on Saturday, when the Secre-
tary, Mr J O'Connor, presented the report, which
showed that during the year £3,033 17s was paid
in benefit. He added that the committee had
£10,000 invested, and that through the activities
of the inspectors the membership during the year
had been increased by upwards of five hundred.
The report was approved as highly satisfactory.
The meeting adopted a resolution protesting
against the proposed unification of approved
societies, being of opinion that from the experi-
ence of the County Limerick Society the existing
system was best suited to the needs of the
people.
