SITING JUSTICES.

CITY BURNING FATALITY.

James Buckley, an employe of the Grand Canal Company at Limerick, died at Barrington's Hospital on Sunday evening, as a result of injuries received to the face, back and legs, caused by burns received through the upsetting of a lighted spirit lamp on Saturday morning.

The Inquest Opened.

At Barrington's Hospital last evening an inquest was opened by the City Coroner, Mr J. S. McNeice, into the circumstances touching the death of Buckley, who was a native of Pallough, King's County.

Evidence of identification was given by Mr J. J. Johnson, Limerick manager of the G.C.C.

Dr. Dandon, house surgeon, stated that death was due to shock caused by burns.

The Coroner said that was all the evidence available at the moment, and that it would be necessary to adjourn the inquest for the attendance of the man who was with the deceased when the burning took place. The attendance of the Factory Inspector was also necessary.

The inquest was adjourned to 27th instant.

**GRIFFITH-COLLINS
 CELEBRATION.**

Big Demonstration in Dublin.

The third anniversary of the deaths of President Arthur Griffith and General Michael Collins was celebrated in Dublin on Sunday by a military parade through the streets of the city and a commemoration demonstration at the temporary memorial on Leinster Lawn.

Many citizens viewed the military parade, and their numbers were swelled by excursionists from the provinces. Some two thousand troops took part in the march from the Phoenix Park along the North quays, to Pearses street, Westland row, and Merrion square. Two full military bands and four pipe bands, all from the National Army School of Music, participated in the parade, and did the bands of the Civic Guard, which accompanied contingents from the two divisions of that force.

The troops, on their march from the Phoenix Park, passed between two lines of people. Many willians saluted the Colour and passed.

The 12 o'clock Mass at St John's Cathedral on Sunday, was offered for the repose of the souls of President Arthur Griffiths and General Michael Collins. The celebrant of the Mass was the Rev. Fr Carroll, C.C., and there was a large congregation, which included the Mayor (Councillor P. A. O'Brien), and several members of the Corporation.

**ALLEGED ATTEMPTED
 LARCENY.**

Limerick Man Charged.

John Kenny, stated to be from O'Connell-street, Limerick, was remanded in Dublin for a week on a charge of attempted larceny of a motor car value £375, the property of Mr James Lindsay Crabbe, 6 Probyn square.

Mr Crabbe said that he left his motor car outside Clery's Restaurant at about 8.15 o'clock last Saturday night in charge of a new vendor.

Thomas McGrath, new vendor, 13 Lower Gardiner-street, said that between 9.30 and 10 o'clock on Saturday night, as he was watching Mr Crabbe's car, the accused came round the corner, and after standing at Brooks Thomas's for a time, got into the car. He seemed to be interfering with the gear of the car. The witness asked him what he was doing, and he said that he was "minding it." Later he said that he was with the man who owned it.

Guard 1150 gave evidence of seeing the accused opening the door of the car and "fiddling with the gear." When questioned by the witness, the accused said that the car belonged to his friend, who was at a dance in Clery's, but he could not give the owner's name.

To Mr Collins the witness said that in his opinion the accused was trying to start the car.

Sergeant 30 said that when charged and cautioned the accused said—"It is simply absurd. In fact, I do not know how to drive a car."

**THE DROMKEEN MOTOR
 ACCIDENT.**

Fatal Sequel.

Patrick Bourke, of New Tipperary, one of the four men injured in the motor smash near Dromkeen on Wednesday night, died in Barrington's Hospital last evening. From the beginning there was little hope of his recovery, and yesterday the patient was in a very low and weakened state. He received serious injuries to the head and spine, and was semi-unconscious for some time. The two other men detained in the Institution, Henry Rose and Michael Bolster, are progressing favourably, as is Joseph Lennon, who is a patient in the County Infirmary.

MOTORS COLLIDE.

Accident Near Killrush.

Two motors, one coming from Ennis, the other leaving Killrush, ran into each other. One car was pitched clean over the ditch. One of the occupants sustained slight injuries, which were attended to by Dr Daly, Killrush.

RESCUE FROM DROWNING.

McCarron that the figures submitted by the Co Secretary to the effect that the Government owed the Council £31,000 in respect of grants did not square with the facts—that the money was not due.

It was decided to adopt the view of Mr O'Sullivan, and a resolution was passed protesting against the action of the Ministry in refusing an enquiry.

STOLEN CHEQUE SEQUEL.

Prosecution at Kilmallock.

At Kilmallock Court, before Mr Cahill, a young woman named Ellis Lynch appeared to answer charges in connection with a blank cheque taken from her employe, Mr John O'Donnell, Sunvil, Ardpatrick.

Superintendent Fleming prosecuted.

Mr E. For, solicitor, who defended, said there appeared to be no other course but to enter a plea of guilty. He referred to the manner in which the cheque had been filled, and said it was more an act of indiscretion than of criminal intention. Defendant did not know what she was doing; she did not present it at a bank, but handed it to a local shopkeeper. He submitted testimonials from former employes, and asked that the case be dealt with under the First Offenders Act.

The Justice said at present there were too many instances of the intention to obtain money or goods by such methods. In other districts where he did duty recently nearly every case was of the nature of false pretences, and it was time to stop them. Speaking of the First Offenders Act, he said he gave a person a chance recently who committed a worse offence afterwards. He did not like to send such a person as defendant to prison, and would give her the benefit of the First Offenders Act, but warned her not to get into trouble again. At the same time he bound her to the peace for six months.

**SAORSTAT'S FIRST SUGAR
 FACTORY**

In Valley of the Barrow.

The first sugar beet factory in the Irish Free State will be established in the valley of the Barrow, but whether the site shall be in Carlow or in Athy has yet to be settled. The ultimate decision will be announced with the least possible delay.

This information was imparted to deputations from Athy and Carlow when received by Sir Maurice Lippens in Brussels on Friday last.

Some difficulties, Sir Maurice pointed out, had arisen in regard to the site, and, in a scheme of such magnitude, it was important that every point should be carefully considered.

The Athy deputation comprised—Senator McEvoy, Mr John Conlan, T.D.; Mr W. Davin, T.D.; Mr S. J. Minch, and Mr J. J. Flynn.

The Carlow deputation—Mr E. Duggan, Chairman of the Urban Council; Mr E. J. Brougham, and Mr W. A. Lawler.

Both deputations had separate conferences with Sir Maurice Lippens earlier in the week, and spent the intervening period visiting some of the best sugar factories in Belgium.

**CO. LIMERICK MAN'S DEATH IN CORK
 HOTEL.**

Mr Patrick Broderick, aged 77 years, of Market Square, Drumcullagher, was found dead in bed at the Munster Hotel, Cork, on Sunday morning. Mr Broderick was on a visit to Cork and was staying at the hotel.

At the Munster Hotel, yesterday, an inquest into the circumstances of the death was held by Mr Coroner J. J. McCabe.

Denis J. Broderick identified the body as that of his father. Deceased was about 77 years of age, and suffered from heart trouble.

Patrick Hasset, the hotel boots, said he knocked at the door of deceased's room about 9.45 on Sunday morning. Receiving no answer, he entered and found Mr Broderick lying dead on the bed.

Dr J. J. Kearney said he examined the body and found the cause of death was heart failure.

Miss Walsh said deceased arrived in the hotel about 7 o'clock on Saturday evening. He retired about 9 o'clock, and was then in good health. About 2.30 a.m. he called witness and complained that he was feeling ill. He would not allow witness to send for a doctor.

A verdict in accordance with the medical evidence was returned, the Coroner, jury, and Superintendent Carbery expressing their sympathy with the relatives.

MOTORS COLLIDE AT ANNACOTTY.

On Sunday evening two motor cars travelling in opposite directions collided at Annacotty at the foot of a steep gradient. The driver of the city bound car swerved to avoid impact, and in doing so the vehicle was heavily struck by the other car and badly smashed up. Fortunately the occupants escaped injury.

CLARE VACCINATION DEFAULTERS.

According to a late return compiled by Dr D. W. McNamara, Dispensary Medical Officer, Corofin, there are 449 vaccination defaulters in the district. Some of the children reported as not being vaccinated are between 12 and 14 years of age.

BIG WATERFORD FIRE.

The bakery premises of Mr David Grant, George's street, Waterford, were burned from the roof to the basement yesterday. A night watchman saw the flames rising from the

Charles Cust, Equerry. The King was met by the Marquis of Aberdeen. A Royal salute was played on the bagpipes by Gordon Highlanders, after which his Majesty inspected the Guard of Honour. Afterwards the King motored to Balmoral.

KINGSLEY'S DAUGHTER DEAD.

The death has occurred at Ramsgate of Miss Rose Georgina Kingsley, elder daughter of the late Charles Kingsley. Miss Kingsley, who was eighty years of age, was an Honorary Serving Sister of the Order of St John of Jerusalem.

VITAL STATISTICS.

The return of births and deaths in England and Wales for the quarter ending June 30, show that births for the period were 11,328 above the number recorded in the previous quarter, but 133 below that in the corresponding quarter last year. Deaths were 9,109 fewer than the corresponding period last year, and 25,000 fewer than the preceding quarter this year.

BOUNDARY PROBLEM.

A Northern View.

Addressing the annual meeting of the North Derry Unionist Association at Limavady yesterday, Sir Malcolm Macnaughten, Imperial Parliamentary representative of the constituency, alluded to the boundary question. He said that there might be a decision which could be accepted by the people of Ulster, and that would be a reasonable rectification of the existing border, provided the three frontier towns—Derry, Enniskillen, and Newry—were left to Northern Ireland. Newry was vital to the economic existence of Northern Ireland, and any attempt to take her from it would result in the whole trouble breaking out again. If these three frontier towns were left in Northern Ireland the rectification of the border would be a comparatively simple matter.

DUBLIN COAL TRADE DISPUTE.

The action taken by the Dublin Coal Merchants' Association is producing the desired effect. More and more men are returning to work on the ships. On Saturday last four vessels were discharged, compared with three on Friday and two on Thursday. Only seven more colliers remain to be cleared.

Large quantities of coal are being taken away from the two coal yards which the Association has opened.

Pickets of the Workers' Union were on duty outside the yard at Ringsend Basin on Saturday, but there was no untoward incident. Near the Custom House Docks, however, where no picket is stationed, a hawker who obtained coal from the Association's yard had his cart overturned. He himself was not molested, however, but he was told not to do the like again.

The Irish Transport and General Workers' Union state that they have the support of the Irish Trade Union Congress, whose membership is 290,000.

"DUMP" FOUND IN COUNTY CORK.

During a search in the Ballingearry district on Thursday last, Civil Guards discovered a "dump," containing one shot-gun, two rifles, one Lewis gun, one automatic, containing 46 rounds of ammunition; three 4-inch shells (containers fully charged); one Vercy Light pistol, one egg bomb, six grenade detonators, a quantity of ammunition, and miscellaneous military equipment.

COUNTY TIPPERARY SEARCHES.

Clonmel, Monday.—Detectives searched the homes of P. Dalton, James Nugent, T.C., and P. Brennan in Clonmel and district, and discovering revolvers, ammunition, equipment, and literature in the houses of the first two, arrested Dalton and Nugent, who were brought before District Justice Troy this evening, and remanded for a fortnight.
