## IRISH B.P. COMPANY DANCE.

Those who took part in the dance organised by the Irish B.P. Staff at the Lyric Ballroom, on Monday night, were entertained with delightful dancing amid very tasteful decorations. The music of the Holt-White orchestra contributed to the enjoyment of a hundred couples, and a first-class "running buffet" played its not unimportant part.

An interesting feature of the occasion was a "spot dance" in connection with which the Management of the Company offered prizes.

The winners were:—Miss M. Brazil, and Mr B. Greene, to whom Mr. Golden, the Manager, handed respectively a lady's dressing case, and a pocket wallet.

All who attended are now looking forward to the "B.P." Whist Drive which is shortly to be held.
