BICYCLE THEFT.

At the Board of Health meeting, Mr L. Halpin presiding, there was a notice of motion on the agenda, proposing to make a reduction of the officers' salaries.

The consideration of the motion was, however, forestalled in a letter from the Minister of Local Government pointing out that if the salaries proposal was to have permanent effect, the Minister would require to examine the merits of each case. He stated it would be a different matter if the Board made a temporary reduction of salaries on account of some financial stringency, with the intention of paying the amount of the reduction as soon as finances improved.

The notice of motion was adjourned in the circumstances.
