

to retain the service as it exists. It is a matter of much importance to business interests, and we feel assured that Limerick members will join with Waterford in its endeavour to preserve the "status quo." In the event of a breakdown of telegraphic communication occurring, as it not infrequently does during a storm at the Holyhead, it is then that the alternative service Waterford is of special utility and advantage to Limerick and elsewhere. The aggressive move referred to above should, therefore, be resisted, and, as stated, Waterford has already led the way. It is announced that the discontinuance of the service is on the score of economy, and that the cost of maintenance is shared by the State and Great Britain, which, it is stated, took the initiative.

GRAND CENTRAL.

Large audiences at the Grand Central last night enjoyed "The Law's the Law," a gripping New York story, and as practically the entire caste had the opportunity of seeing the city policeman, real action is the result. The film, which is well worth seeing, will be repeated to-night and Wednesday. Next Thursday and for the remainder of the week "The Ghost Train," a great mystery play, featuring a strong caste, will be filmed. Few people have endured the ordeal of the travels of a ghost train, yet a eerie experience befell those who, during the last train, were held up at a station and listened to the remarkable story "The Ghost Train" that the station-ster had to tell.

DESERTION CASE AT DISTRICT SESSIONS.

Mr J. V. Caffrey, Secretary, Limerick Corporation Employés Society, writing under date 16th instant, says:—"I beg to contradict a statement made by the Inspector, S.P.C.C., at the District Court last day, that the man convicted for city and wife desertion was an employé of the Corporation. He is not, but is a casual labourer, who follows up the Corporation work whenever it is there."

MENTAL HOSPITAL WAGES.

Ninety-one members of the subordinate staff at Monaghan Mental Hospital have issued civil bills against the Mental Hospital Committee of Monaghan and Cavan for the recovery of arrears of wages alleged to be due to them consequent upon a "cut" made by the Committee.

NORTH TIPPERARY ROADS.

Mr J. O. Moynan, County Surveyor, North Tipperary, submitted his estimate, at the Road Works' meeting in Nenagh, for the year 1928-29, which totalled £21,509.

After a discussion, and in the absence of notification of the amount of grants the Council was to receive, it was decided to adjourn the further consideration of the estimate for a special meeting.
