TO CORRESPONDENTS.

Correspondents sending in letters or reports for insertion in Saturday's "Chronicle," and these should be brief, are requested to let us have them on Fridays, where at all possible Otherwise insertion in Saturday's issue cannot, owing to pressure of space, be guaranteed.

TO ADVERTISERS.

Advertisers will kindly send in all substitutes for standing advertisements on Friday mornings. We cannot guarantee to insert in Saturday's issue any advertisement received after 2 p.m. on that day

THE LIMERICK CHRONICLE.

(ESTABLISHED 1766)

THURSDAY, MARCH 28, 1929

LOCAL ELECTRICAL CONCERNS.

It is announced that from to-day the Electricity Supply Board will acquire six additional electrical undertakings, including three in the city of Dublin. Eight local power stations had already been acquired, leaving now only four in the Free State under local control, and, no doubt, these will soon follow suit. It will be recalled that the compulsory acquisition of these concerns without compensation occasioned strong opposition from the cities and towns concerned on the ground that it will mean a substantial loss to the rates. Limerick is a case in point. The concern here was erected and equipped by the Corporation many years ago, and recently the profits therefrom have amounted on an average to £1,000 per annum. This disappears under the new regime, though the Corporation will be recouped the balance due of what they advanced at a time when the works required financial help. But as matters stand, the city will lose its revenue from the undertaking, and in the circumstances the reasonable suggestion was made at one of last week's meetings of the Estimates Committee that the Board should supply current to the city at 6d. per unit instead of 8d. It is hoped that this will materialise, when nothing in the nature of compensation is being allowed by the Electricity Supply Board. This city is yet awaiting the schedule of charges for current, and there ought to be no further delay in issuing them, seeing that long since they were published for the Leinster towns. Limerick, as stated is not alone in its opposition to the acquisition of electrical concerns by the Board without compensation. Rathmines Urban Council, for instance, has taken a similar line of action, as it was stated the electricity undertaking in that suburb had paid £2,000 out of the profits to the relief of the rates. How the problem is to be solved to the satisfaction of local authorities remains to be seen, but the Limerick Corporation has decided to circularise the various public bodies affected by the transfers as to their views on the subject, and when these have been ascertained it may be possible to take combined action on a matter of great importance to those centres whose electricity undertakings are, or will be, acquired by the Board. Meanwhile it is officially stated that the current from the Shannon generating station will be available for consumers at the end of September or October next. The wiring in the Leinster area has been proceeding for the past four or five months, and more recently in the Dublin Metropolitan districts. How soon will it be started in Limerick, and will the supply of power be fully available here during the coming winter, are what the citizens would like to know. So far they have no definite information to guide them in their future arrangements.

ST MARY'S CATHEDRAL.

Holy Week Services.

There was a large congregation at St. Mary's Cathedral on Tuesday evening to hear Stainer's fine and deeply impressive Lenten work, "The Crucifixion." It was reverently and efficiently rendered by an augmented choir of ladies and gentlemen. The solos were taken by members of the choir. Mr F. Muspratt, Cathedral organist, presided at the organ, and Mr F. Brislane conducted the chorus.

The work was preceded by a shortened evening service, and the officiating clergy were the Bishop, the Dean, and the Rev. J. G. Russell.

On Good Friday, at eight o'clock, Gaul's Passion Cantata will be sung. Easter Sunday there will be selections from the "Messiah."

CHURCH SERVICES.

Good Friday.

ASKEATON PARISH CHURCH.—11.30 a.m. Preacher, the Lord Bishop.

KILLOSCULLY CHURCH.—10 a.m., Ante-Communion Service; Preacher, the Rector.

ST. JOHN'S CHURCH (Newport).—11.45 a.m., Morning Prayer and Ante-Communion Service. "The Story of the Cross" will be rendered by choir after Offertory.

Easter Day.

KILLOSCULLY CHURCH.—10 a.m., Celebration of Holy Communion; Preacher, the Rector.

ST. JOHN'S CHURCH (Newport).—8 a.m., Celebration of Holy Communion. 11.45 a.m., Morning Prayer and Holy Communion. Preacher, the Rector.

CORK'S LORD MAYOR.

The newly-elected Council for the Borough of Cork, at its first statutory meeting yesterday, at which there was a full attendance, unanimously elected Mr Sean French, T.D. (F.F.), Lord Mayor, and fixed the salary of the office at £1,000 per annum.

WORKERS DISCHARGED.

The Shannon Scheme Nearing Completion.

A number of unskilled workers on the Shannon Scheme have been disemployed in the past ten days owing to the near completion of the work in hands. The tail race at Ardnacrusha is now almost complete.

The dead body of a child, believed to be only a few days old, was found in a field near Miltown Malbay on Monday evening. The body was wrapped in a portion of a bed sheet and of a torn black apron.

THE LATE DR. W. A. FOGERTY.

Public Expressions of Sympathy.

At St. Mary's Cathedral on Tuesday evening, the Very Rev. Dean Swain, during one of the Holy Week Services, made a brief but touching reference to the late Dr Fogerty No man was indispensable, said the Dean, but in the city of Limerick it would be very hard to persuade people that Dr Fogerty was not indispensable. His generosity was equal to his medical skill, and there were numerous people who could bear testimony to that. No one that he knew of had better earned the words which he would hear: "Well done, good and faithful servant, enter thou into the joy of thy Lord."

The city flag has been at half mast at the Town Hall since the Doctor's lamented demise.

Yesterday Mr Paul A. O'Brien, B.C., President Limerick Branch Cumann-na-nGaedheal, received a telegram from Mr Liam Bourke, Chief Organiser, Dublin: "Regret to learn of death of Doctor Fogerty, your esteemed Vice-President. Please convey sympathy to comrades in the branch, and relatives."

At the meeting of the Executive Committee of the Citizens' and Ratepayers' Society on Tuesday evening, Mr M. D. Shaw, President in the chair, Mr J Ray proposed the adjournment of the meeting as a mark of sincere respect to the memory of the late Dr Fogerty the first President of the Society. He said the late lamented gentleman was one of the Society's representatives on the Borough Council, to which he was elected last June as junior Alderman of the Dock Ward. They desired to place on record his great services to the Society and to offer deepest symathy to his relatives in the great bereavement they had suffered, and which was shared by the citizens generally.

The resolution was passed in silence.

At the Corporation Whole House Committee meeting on Tuesday night,

The Mayor said Dr Fogerty was an ideal citizen, who took an abiding interest in his native Limerick. Though a very busy professional gentleman he could always spare time to attend to civic questions. For many years he was Chairman of the Ratepayers' Society, and in that capacity he did much to advance the cause he had at heart. Since his election to the Corporation as one of the two Aldermen for the Dock Ward last June, he showed that he had a thorough grasp of municipal affairs. Ever courteous and kind, he was held in the highest esteem by all his colleagues, and his death had caused a void that it would be difficult to fill. As a philanthropist Dr Fogerty had few equals. Day and night he gave himself up to serving the poor at Barrington's Hospital, and it was the poor, indeed, that would miss him most. In conclusion, he wished on behalf of the Municipal Council to tender to the bereaved family their deepest sympathy.

Alderman O'Flynn joined in the Mayor's expressions of sympathy, and paid a high tribute to the deceased gentleman.

Mr Angley, on behalf of the Fianna Fail Party, said that he wished to be associated with the Mayor's remarks. No matter on what benches they sat in the Corporation, or no matter what views they held, they all held Dr Fogerty in the highest regard, esteem, and respect. (Hear, hear.)

The Mayor then put the motion to the meeting, which was passed in silence, all the members standing.

Proposing a resolution of condolence at the meeting of the County Agricultural Committee yesterday, Mr J. McCormack, chairman of the County Council, said the late Dr Fogerty was a member of an old and respected city family. As a member of the Corporation his counsel was ever invaluable, and he had played his part in everything that appertained to the welfare of the city and county. He was a noble and generous gentleman, deeply interested in the poor, whose friend he was in every emergency, especially in time of sickness. By his death the Corporation had lost an eminent member, the poor a good friend, and his relatives a lovable personality.

Mr C. D. O'Sullivan, in seconding the resolution, said the late Dr Fogerty was a good friend of the workers, and as Chairman of the City Conciliation Board he had averted very many industrial disputes.

The resolution was passed in silence.

The following resolution was passed by the Limerick Rotary Club:—"We, the members of the Rotary Club of Limerick, desire to place on record our sense of the loss that Limerick has sustained by reason of the death of the late Alderman William A. Fogerty, M.D., M.A. The late Alderman Fogerty was gifted with a very high sense of civic duty and that he carried out unfalteringly. He offered an example to the citizens of Limerick of what a citizen's duty should be and how it ought to be carried out. As a physician and surgeon he had attained the highest rank in his profession, and as a devoted friend of the poor his memory will be long cherished and remembered by them. He was the first President of our Rotary Club of Limerick. He was a pillar of strength to us. He entered whole-heartedly into the movement, and we deplore his loss as irreparable to us.

"To his family we desire to express our deep sorrow at his death, and we respectfully extend to them our very sincere sympathy in their bereavement."

Letters of sympathy have been received from Mr Wm. W. McConnell, O.B.E., Secretary of the Dublin Rotary Club; Mr Eadie, Secretary of Londonderry Club, and Mr P. J. Barry, Secretary Cork Club. Also from Mr G. McGloughlin, District Chairman, Rotary International.

At their weekly committee meeting, the Limerick Branch of the British Legion passed a vote of sympathy to the relatives of the late Doctor Fogerty, who will always be remembered as a true friend of the British ex-Servicemen. The meeting adjourned in respect to the late gentleman.

The remains of the late Dr Fogerty arrived in Limerick yesterday morning about 11 o'clock, by motor hearse, from Dublin, and were conveyed direct to St. Mary's Cathedral, where they were received by the Dean and Rev. Treasurer Abbott, and the relatives of the deceased.

The Funeral.

The remains were at three o'clock this afternoon removed by the nephews of the deceased from the Bunbury Chapel, where they had lain since yesterday, to a trestle in the chancel. Before this hour the sacred edifice had been fully occupied by a congregation representative of all classes and creeds in the city and county, and included very many ladies. The Mayor and members of the Corporation attended in state, and were accompanied by the Sergeants-at-Mace, Sword Bearer, and Fire Brigade

The funeral service was the ordinary one, there were no hymns, and the first portion of it in the church was read by the Dean of Limerick.

The surpliced clergy were—The Bishop, the Dean, Precentor Adderley, Rev Treasurer Abbott, and the Rev J. G. Russell. The Archdeacon of Limerick, the Precentor, Rev L. Hewson, Kildare; Rev Canon Orpen, Rev T. J. Westropp. Rev W. Corrigan, Methodist Minister, and Rev J. W. Pearse, Baptist Church, were amongst the other clergy present.

The chief mourners were—C. H. Fitt (brother-in-law), J. N. A. Wallace, F. G. Wallace, John Wallace, C. P. S. Wallace, Nevitt P. Fogerty, and A. G. Fitt (nephews). E. G. Stokes (nephew-in-law), W. W. Stokes and J. W. Stokes (grand-nephews), and Theodore Wallace, Dublin.

There were a large number of wreaths of beautiful flowers.

As the coffin was being borne up the aisle "O Rest in the Lord," was played on the organ by Mr F. Muspratt. At the conclusion of the service in the church the Dead March in Saul issued forth from the organ, and the remains were borne by Mr J. S. Gaffney, solr., Vice-President of the Limerick Rotary Club; Mr A. R. Barnett, a member of the Executive, and other members of the Committee, to the family vault at the southern side, where the Rev Treasurer Abbott read the committal sentences, and the Bishop pronounced the Benediction.

A list giving the names of a number of those who attended the funeral, as well as those who sent wreaths, will appear in next issue.

DEATH OF MR EDWARD T. HICKEY.

"The Grocers' Review" of March 26th has a notice of the death of a son of Mr Robert Hickey, a former citizen of Limerick to whom, with Mrs Hickey, the sympathies of numerous friends here will be extended in their sorrow.

The paper says:—"We regret to record the death of Mr E. T. Hickey (Eddie), the son of Mr and Mrs Robert Hickey, which took place on the 15th inst. at his father's residence, 60, Demesne Road, Alexandra Park South, Manchester, from pneumonia, after a few days' illness. The deceased gentleman, who was only 25 years of age, had been engaged with the old established wholesale provision firm of P. Hickey and Co., Ltd., founded by his uncle, since leaving school, and had become extremely popular with a large number of business and private friends through his straightforward and manly character. He was an enthusiastic footballer, and was late secretary for the Whalley Range Football Club, with which he played regularly." Tennis and motoring also appealed to him, and nothing delighted him more than a tramp over the hills and moors while camping under canvas. The funeral took place on Monday, 18th, the Requiem Mass being celebrated at the English Martyrs' Church, Alexandra Park. Rev Father Rowan, Rector, who officiated, paid a touching tribute to the deceased. There was an extremely large congregation of relatives and friends, including numerous members of the provision trade; several clergymen, and well-known Irishmen holding prominent positions in the civic life of Manchester. There was a very large number of beautiful wreaths and floral tributes.

PRESENTATION TO REV. ROWLAND ATHEY, B.A.

A very pleasant social evening was held at Cappagh House, Ballingrane, on Thursday, 14th instant, the occasion being a presentation to Rev. Rowland Athey, B.A., of a suitably inscribed purse of sovereigns, as a small token of good will and esteem. He has been for some time curate of Rathkeale and Nantenan, and recently was appointed to the incumbency of Rathmoylan, Diocese of Meath. Miss Cooke very kindly gave a sumptuous tea to some 40 members of the United Parishes. Apologies for non-attendance were received from several friends. The arrangements were carried out under the supervision of an efficient and energetic committee, consisting of four ladies and four gentlemen, who left nothing undone to make the function a great success. The proceedings concluded with the singing of "Auld Lang Syne," when Mr Athey very sincerely thanked all for the high honour conferred on him that evening, and all those who took part in the presentation.

CLONMEL RATES.

The estimate of the Town Clerk (Mr Berkery) for Clonmel Corporation indicated an increase of 4s. 6d. in the £ on the rates. A committee went through the estimates, and as a result of "cuts" recommended to the Corporation the same rate as last year—11s. in the £.

The Council approved of the 11s. rate.

DEATH OF DOWAGER LADY CAMBRIDGE.

The Dowager Marchioness of Cambridge, a sister-in-law of the Queen, died in a London home on Tuesday night. She had been suffering from sceptic pneumonia.

She died shortly after midnight. She was sister-in-law of the Queen, being the widow of her Majesty's eldest brother, the Marquis of Cambridge, formerly Duke of Teck. She was aunt to the present Duke of Westminster, and was 55 years of age. For many years the Marquess and Marchioness lived at Shotton Hall, Shrewsbury, where they frequently entertained the Queen. The Marchioness was widowed 18 months ago. She was the third daughter of the first Duke of Westminster.

ACCIDENTS.

Patrick Hickey, a mill-wright, while working at Messrs Bannatyne's mills, Roche's street, yesterday, met with an accident, two fingers of his right hand being cut off by a circular saw. He was conveyed to Barrington's Hospital by the Corporation Fire Brigade ambulance, which also last evening brought to St. John's Hospital Patrick Fahy, a Shannon Scheme worker, at Ardnacrusha, who sprained his ankles by falling off a bank from a height of fifteen feet.

BADMINTON.

International Players at P.Y.M.A.

There was a large attendance at P.Y.M.A. Hall last night to welcome the Strollers' Badminton Club, who, with some local crack players, gave a fine series of exhibition matches. These were keenly contested, displaying excellent play all round, and were watched with great interest. The local club is to be congratulated on arranging so important a fixture, which was a gratifying success

KILKEE WATERWORKS SCHEME.

At the monthly meeting of Clare Board of Health, Mr Sean O'Grady, chairman, presiding,

A resolution was read from the Kilkee Town Commissioners urging that no scheme be carried out except the one prepared by Mr H. J. McCarthy, B.E., Dublin: £2,000 would be the extreme limit of their taxable capacity.

Mr Carmody, C.E., Kilkee, wrote that Mr McCarthy's estimate for improvements of the water supply there was £3,723, which did not include the price of land. In his (Mr Carmody's) opinion, the work could be done far less and he would furnish plans and detailed estimate.

The Assistant Secretary said the plans were received and forwarded to the Department.

Mr Falvey said Mr McCarthy's estimate was based on city labour and prices and the labour bill could be cut down to a third.

Further on,

Mr Falvey said the livelihood of Kilkee was at stake at present, and they should not allow people to be drinking unfiltered water.

Mr Barrett—We have a competent engineer in the person of Mr Tubridy, and why overlook him? He must be regarded as a competent man, and he says he is able to do the work for £2,000, and why turn him down!

The Chairman concurred. They had made an order already, he said, to that effect. If the people of Kilkee changed their minds every month the Board would not change its decision accordingly. The Board had nothing to do with Mr McCarthy at all, and it was satisfied with Mr Tubridy.

Mr Barrett—We will provide a scheme for Kilkee within the means of the people, viz., £2,000.

BARRINGTON'S HOSPITAL.

Dramatic Entertainment.

By kind permission of the Rector, Sacred Heart College, the students of the Dramatic Class attached to the College will present the following sketches—"The Bishop's Candlesticks," "The Bracelets," and "Bory Aforesaid," in aid of the above charity at the Catholic Institute on Thursday and Friday, April 4th and 5th, at 8.30 p.m. These sketches have been already produced by the students, and have been very favourably commented on by both the Press and those who witnessed the performances. In view of the fact that a number of these students are members of the caste which won the Senior Competition in the Feis Matthew in Cork, 1927, a finished entertainment may be expected. The excellent charity of which the performance is in aid, ought to appeal to the public for generous support.

THE CITY RATE.

The Corporation Whole House Committee met finally on Tuesday night, the Mayor (Mr M. J. Keyes) presiding, to consider the rates estimate for the ensuing year The following rate was adopted for recommendation to the Council:—Improvement Rate, 5s in the £; Public Health, 5s 9d in the £; General Purposes, 2s 2d; Borough Rate 3d; Water Rate, 4d; and Poor Rate, 5s, making a total of 22s 6d or seven pence more than the rate for the current year.

The estimate was at the rate of 22s, but the Committee struck out new works and provided for repayment of a loan of £6,000 for these. They comprise £2,000 for new sewers, £2,000 for lavatories, and £2,000 for street concreting.

The coming rate would be lower than that of last year but for the City Home and Hospital demand, which was 8s 4d in the £ last year and now is 8s, although the Committee took £2,000 off the estimate for Poor Law purposes.

REMOVED FROM DUBLIN TO LIMERICK.

Young Man Remanded.

A young man named Gerard Conbeady was removed from Dublin to Limerick on Tuesday evening by Superintendent Hunt and Detective Sergeant Mulrey on, it is stated, a charge of assault alleged to have been committed at Cabernarry, Ballyneety, in the summer of 1927.

Accused was subsequently brought before Mr P. Bourke, Peace Commissioner, at William Street Civic Guard Station and remanded on bails of £20 and two sureties of £10 each.

The bails not being forthcoming, the prisoner was removed to the County Prison, and will be brought before the City Court on the 5th proximo.

It will be recalled that Conbeady was arrested in London last November on the charge now preferred against him, and was conveyed to Dublin, where he has been since.

ALLEGED STABBING AFFRAY.

On Tuesday evening Sergeant O'Mahony, William street Civic Guard station, arrested a labourer named Peter O'Connor, Clondrino, on a charge of stabbing and causing grievous bodily harm to John Ryan, St. Gerard street, at Caherdavin.

The accused was brought before Mr P. Bourke, Peace Commissioner, later, and on the application of Sergeant O'Mahony he was remanded on bails to the City Court on the 5th April.

BRITISH OUTLAY IN IRELAND.

The contemplated expenditure of the British Government in Ireland for 1929, as disclosed in the Civil Service Estimates, is £98,530, as against £121,250 last year. Of this £16,100 is required for the Free State, and of the balance for Northern Ireland £3,730 is earmarked for the reconstruction of the Custom House, Belfast (for which the sum last year was £8,085); the Supreme Court, £90,000 (the same); and maintenance and repair of existing departments (legal and revenue), £23,180 (£24,000).

WIRELESS OPERATOR'S HEROISM.

On Monday, in the Executive Council Chamber, Government Buildings, Merrion street, Dublin, President Cosgrave presented to Mr Michael O'Loughlin and Mrs O'Loughlin, of Camolin, County Wexford, a gold medal awarded posthumously by the Association of Wireless Operators, New York, to their son, Michael J. O'Loughlin, chief wireless operator of the steamship Vestris, which was lost at sea off the American coast on November 13th, 1928

A great many of the new Spring fashions, Smart Tailor-mades, Hats, and novelties in Sports Wear, selected by Miss Nestor during her recent visit to London, have now arrived at 1 Patrick Street.

COUNTY AGRICULTURAL COMMITTEE.

Mr J. Quaide, Chairman, presided at the meeting of the County Limerick Agricultural Committee yesterday.

There were also present—Messrs E. L. Lloyd, Co.C.; C. D. O'Sullivan, J. County, Co.C.; J. Ryan, J. Blackwell, Co.C.; J. Quin, Co.C.; J. Carroll, P. Frawley, D. O'Grady, Co.C.; J. McCormack, Co.C.; M. Quinlan, Co.C.; M. Raleigh, Co.C.; and D Humphreys, Co.C.

The officials in attendance were—Messrs. T. A. Hartigan, Secretary; M. Gleeson and M. J. O'Leary, Inspectors.

PROTECTIVE TARIFFS.

A resolution was received from the Galway County Committee of Agriculture calling for a protective tariff on the various articles produced by farmers, in order to give a fair margin of profit for their labour. The Committee condemned the action of the Land Commission in felling trees on lands under their control, and asked that the Commissioners would stand by the provisions of the Forestry Act.

The Secretary—This Committee two years ago passed a similar resolution.

Mr McCormack thought that the time was ripe for a protective tariff as suggested in the resolution. There was no city that stood more to gain from a tariff on flour than Limerick, and in that respect Professor O'Rahilly had in his very able pamphlet put the case for a flour tariff very cogently, and in a way that could not be answered.

Mr O'Sullivan said tariffs had been applied to articles not produced in the country, while things that were produced in this country were exempted. That, for instance, applied to bicycles which were manufactured in the country.

Mr McCormack said they had mills in Limerick capable of turning out more flour than at present produced, but they could not give their full capacity in the absence of a tariff. If there was a tariff on flour more employment would be created, and the farmers would directly benefit.

The resolution of the Galway Committee was adopted.

BEET DEMONSTRATION PLOTS.

A letter was read from the Department of Agriculture restricting the beet demonstration plots to a quarter of an acre.

In reply to Mr Canty, Mr Gleeson, Inspector, said they had got very satisfactory results from the plots. The crop was worth £45 an acre, apart from its value as a cattle food.

It was agreed to fall in with the view of the Department, and to restrict the plot areas.

LIMERICK MARKETS.

BUTTER—1s 7d to 2s 0d per lb.

EGGS—1s 0d to 1s 3d per doz.

POTATOES—35 loads in market; 7d to 11d per stone.

MANGOLDS—23 loads; 20s 0d to 30s 0d per ton.

PARSNIPS—Small supply; 10d to 1s per stone.

TURNIPS—9 loads; 22s 0d to 40s 0d per ton.

FISH—Sole, 2s 0d per lb; turbot, 2s 4d per lb; plaice, 1s 4d per lb; cod, 1s 4d per lb; whiting, 10d per lb; salmon very scarce; trout, 2s per lb; mackerel scarce.

BOHEMIAN RUGBY FOOTBALL CLUB.

The following will represent Bohemians v. Headingley on Easter Saturday:—W. T. B. Robertson; S. McMahon (capt.), H. P. McMahon, D. J. O'Malley, J. T. Hodgins M. Dee, J. J. Culhane (scrum.); J. P. Mullane, J. Graham, M. L. E. Graham, J. Carmody, "B. G. Pyke," H. Keogh, J. F. Power, J. W. Auchmuty.

The following will represent Headingley—Full back, J. M. Peveler (1); three-quarters, H. F. Storey (5), L. L. Bedford (4), W. B. Turner (9), M. Snipper (12); halves, J. R. Auty, scrum (6), J. G. Johnston (8), captain; forwards, H. M. Hainsworth (15), H. Bottomley (14), S. H. L. Jones (21), H. B. Haddon (22), R. W. Walker (23), G. B. Platts (24), R W Howell (25), H. Armistead (26). Numbers represent "numbers of jersies."

Headingley are one of the strongest teams in England, and have had a record season. Their last game in Limerick with Bohemians is considered to have been one of the best friendlies ever played here, and as they are travelling at full strength a fine game should be seen.

The attention of Rugbyites is drawn to the Bohemians great Easter dance on Saturday night, which is announced in our advertisement columns
