DEATH OF MR EDWARD T. HICKEY.

"The Grocers' Review" of March 26th has a notice of the death of a son of Mr Robert Hickey, a former citizen of Limerick to whom, with Mrs Hickey, the sympathies of numerous friends here will be extended in their sorrow.

The paper says:—"We regret to record the death of Mr E. T. Hickey (Eddie), the son of Mr and Mrs Robert Hickey, which took place on the 15th, inst. at his father's residence, 60, Demesne Road, Alexandra Park South, Manchester, from pneumonia, after a few days' illness. The deceased gentleman, who was only 25 years of age, had been engaged with the old established wholesale provision firm of P. Hickey and Co., Ltd., founded by his uncle, since leaving school, and had become extremely popular with a large number of business and private friends through his straightforward and manly character. He was an enthusiastic footballer, and was late secretary for the Whalley Range Football Club, with which he played regularly." Tennis and motoring also appealed to him, and nothing delighted him more than a tramp over the hills and moors while camping under canvas. The funeral took place on Monday, 18th, the Requiem Mass being celebrated at the English Martyrs' Church, Alexandra Park. Rev Father Rowan, Rector, who officiated, paid a touching tribute to the deceased. There was an extremely large congregation of relatives and friends, including numerous members of the provision trade; several clergymen, and well-known Irishmen holding prominent positions in the civic life of Manchester. There was a very large number of beautiful wreaths and floral tributes.

PRESENTATION TO REV. ROWLAND ATHEY, B.A.

A very pleasant social evening was held at Cappagh House, Ballingrane, on Thursday, 14th instant, the occasion being a presentation to Rev. Rowland Athey, B.A., of a suitably inscribed purse of sovereigns, as a small token of good will and esteem. He has been for some time curate of Rathkeale and Nantenan, and recently was appointed to the incumbency of Rathmoylan, Diocese of Meath. Miss Cooke very kindly gave a sumptuous tea to some 40 members of the United Parishes. Apologies for non-attend-

KILKEE WATERWORKS SCHEME.

At the monthly meeting of Clarendon Board of Health, Mr Sean O'Grady, chairman, presided.

A resolution was read from the Town Commissioners urging that it be carried out except the one proposed by Mr H. J. McCarthy, B.E., Dublin, which would be the extreme limit of the Board's capacity.

Mr Carmody, C.E., Kilkee, was asked to give Mr McCarthy's estimate for improvement of the water supply there was £3,723, which would not include the price of land. Mr Carmody's opinion, the work could be done for far less and he would furnish a more detailed estimate.

The Assistant Secretary said that the estimates were received and forwarded to the Board for consideration.

Mr Falvey said Mr McCarthy's estimate was based on city labour and proposed that the labour bill could be cut down to a more reasonable figure.

Further on, Mr Falvey said the livelihood of the people was at stake at present, and they should be allowed to be drinking unfiltred water.

Mr Barrett—We have a competent engineer in the person of Mr Tubridy, why overlook him? He must be regarded as a competent man, and he says he is prepared to do the work for £2,000, and why not?

The Chairman concurred. Mr Barrett said he had already made an order already, he said it would have the same effect. If the people of Kilkee were to be asked to change their minds every month the Board would not change its decision accordingly. The Board had nothing to do with Mr Barrett's offer at all, and it was satisfied with Mr Barrett's offer.

Mr Barrett—We will provide for Kilkee within the means of the Board, viz., £2,000.
