**SHANNON SCHEME AND CLARISFORD

At a meeting of the Clare Board
Health, Mr Sean O'Grady (Chairman)
siding, a letter was read from the Mini-
of Local Government stating that in
nection with the Shannon power deve-
ment works it is proposed to provide
Right Rev. Dr. Patton, Clarisford, with
water supply from the Killaloe public m
as owing to the raising of the River Shan
below the weir at Killaloe the existing pu
supply to Clarisford will be rendered i
effective.
The Minister enclosed a plan showing
location of the water main and a speci-
tion for the work, and stated that he wo
be obliged for the approval of the Board
the proposal to connect Clarisford with
Killaloe water supply.
In the course of a brief discussion
question was raised as to who would
responsible for the maintenance of pipe
and for the payment of the water r
members holding that the Shannon po
scheme, having rendered the Clarisf
pump non-effective, should bear the cost.
The matter was referred to the engin
Mr Holmes.
