GAME PROTECTION.

The laws affecting game protection in the Free State have been considerably tightened, and should help an industry of vast possibilities. Under the recent legislation far-reaching and important changes are made, particularly with regard to the close seasons. It will not in future be lawful to shoot pheasant and partridge between the 1st February to 30th September, which is the close season, while the close season for all species of wild duck is from the 1st March to the 11th August. The open season in future for grouse shooting is from the 12th August to the 9th December, and for snipe and woodcock from the 1st September to the end of February. Those dates indicate changes in the law from what has been the usual custom, and it is the general opinion that they will be the means of giving a flip to what must in future be an important national asset, and one that will materially benefit the country. The enforcement of the new regulations must in the course of a few years result in a big stock of game, and which will be the means of attracting sportsmen to our shores. This, in addition to the tourist traffic and excellent fishing to be had in our rivers, will serve to increase the national wealth, and enhance our prestige in catering for our visitors, not only from a seasonal standpoint, but all the year round. The regulations dealing with the export of game are decidedly helpful, if stringent, while in the matter of the licensing of game dealers, the position is

CITY FATAL ACCIDENT.

Boy Killed.

An accident attended with fatal results occurred in Clare street last night, the victim being John Bermingham, aged five years, whose parents live in Pennywell. It seems the boy was crossing the street when he was struck by a horse and dray and rolled over. When picked up it was found that he was unconscious, and he was taken in the Fire Station ambulance to Barrington's Hospital, where he succumbed to his injuries an hour later.

Inquest Opened.

An inquest was opened in the boardroom of Barrington's Hospital to-day by Mr J. S. McNeice, City Coroner, into the circumstances under which the boy met his death.

Evidence of identification having been given by the father, the medical testimony of Dr T. Morris, Resident Surgeon Barrington's Hospital, showed that there were extensive head injuries, and death was due to fracture of the base of the skull.

On the application of the Civic Guards the enquiry was adjourned sine die pending the hearing of criminal proceedings against the driver of the dray.

COLISEUM.

"Fashions in Love."

"Fashions in Love," the talking-singing masterpiece which starts a week's run at the Coliseum on Monday next, August 4th, is oddly and wonderfully intelligent, the dialogue being so sparkling and natural. It is Adolphe Menjou's first talkie, compounded in smooth, warm, and polished sequences by Victor Schertzinger, the composer of the neatly sophisticated music of "The Love Parade." Fay Compton acts with an unobtrusive humour, full of subtlety and charm. The story is cleverly handled in the true vein of comedy. Adolphe Menjou talks uncommonly well—his part almost acts itself. His following will not be disappointed.

COUNTY LIBRARIES SCHEME.

The position of the libraries in the county was discussed at the meeting of the Finance Committee of the County Council to-day, apropos of a letter from the Department relative to the appointment of part-time librarians for Kilcoleman and Athea, where the expenditure was not, in the opinion of the Department, justified. As it was the intention of the County Council to establish a scheme on the lines adopted in other counties, and the appointment of a County Librarian, the Department sanctioned in a temporary capacity Miss Irwin and Miss Hanley as librarians of Athea and Kilcole-
