CO. LIMERICK HOUNDS.

The meet was at Liskennett forge on Friday last. We spent one hour on the Black Hill hunting several foxes, but none left. Grant took a nasty toss, and, on his recovery, a move was made for Liskennett covert, which was blank. On going over the hill to try an old breeding earth a fox was viewed going away, and was marked to ground on the north side of the hill. While marking another fox was hallooed away and, Grant, picking up hounds, galloped to the covert. Finding the fox had crossed the road, he hit off the line on the old Point-to-Point course. Hounds, running fast, touched on Kilmore House, but leaving this on the left they ran hard towards Ballinleeny. Keeping right off this village, hounds ran on to Woodcock Hill and, without touching the covert, bore left-handed, making a point as if for Banogue Chapel. Later, changing his mind, the fox turned sharp to the left and pointed for Liskennett. Just short of Liskennett cross-roads he turned sharp back, and, running parallel to the Liskennett-Ballinleeny road, hounds hunted on a failing scent to Woodcock Hill, where, the earth being open, he got to ground. This hunt lasted one hour, the furthest point, Liskennett, to Woodcock Hill, being three miles, and the total distance as hounds ran nine. The first part was very fast, over a perfect line, without a trace of wire. There was one slight check at Kilmore House.

THE INDIAN PROBLEM.

Attitude of Moslems.

Indian Moslems on Saturday declared their attitude to the proposals of the Round Table Conference.

A resolution adopted by the Working Committee of the All-India Moslem Conference indicates decisions on the following lines—

Protection—A demand for the framing of specific proposals concerning safeguards and reservations for the protection of the Moslem minority.

Representation—A demand that the interests and rights of Moslems be effectively safeguarded as regards separate representation

The Committee refused to accept the scheme of federal structure embodied at the Round Table Conference, and suggested a special sitting of the Moslem Conference to decide on future line of action.

Sir Tej Bahadur Sapru, who attended the Round Table Conference, met Mr. Gandhi and other Congress leaders on Saturday, and explained the implications of the safeguards in the Government's offer.

ALLEGED ILLEGAL DRILLING.

Guards' Surprise Visit in County Tipperary.

A party of men surprised by detectives and Civic Guards at, as alleged, military drill in a field at night, an exciting chase across country in the dark, the arrest of four men, and the turning State evidence of a fifth man, were points in a remarkable case which came before Mr Michael Kirby, Peace Commissioner, at a special court at Tipperary on Saturday evening.

The field where the men were alleged to have been drilling was on a farmstead at Knockfelloh, Solohead, four or five miles west of Tipperary town, on the Limerick-Tipperary border.

A large party of Civic Guards and detectives had gone out to the scene. Suddenly, about half-past eight, there was a shout of "Hands up!" The alleged drilling party immediately dispersed over the fields in different directions. The Guards gave chase and captured four men. In the vicinity, it was stated, were found concealed rifles, revolvers, and some two hundred rounds of rifle and revolver ammunition.

Accused were remanded in custody to Dungarvan court, and removed under a strong escort to Limerick prison.

Supt. J. Curtin, Tipperary, prosecuted, and Mr W. Frewen, solicitor, appeared for the accused.

ALLEGED FALSE PRETENCES.

Charge Against County Clare Business Man.

At Ennis District Court last Friday, Mr Joseph Francis Daly, a well-known business man in Kilmihil, Co. Clare, was charged on remand with obtaining from Patrick O'Shaughnessy the sum of £200 by falsely pretending that he was the then authorised agent of the Munster and Leinster Bank, Ltd, to receive money from people desirous of lodging money at the office of the bank in Kildysart.

At the previous Court the accused man was admitted to bail, himself in £1,000, and two sureties of £500 each. Mr Lynch, State Solicitor, who prosecuted, said that, according to his instructions, the amount involved was about £5,000 on various charges, but the Guards had not yet completed their inquiries.

Last Friday there was only one witness examined, Patrick Shaughnessy, of Lack West, Kilmihil, who said that he knew the accused man for about ten years, and had had money dealings with him. Three years ago witness sold his farm and lodged money with the accused, who had canvassed him for the money, and told him that he was going to put it in the Munster and Leinster Bank at Kildysart. In the month of May, 1923, witness lodged a draft for £350 with the accused man, and an agreement was made about interest at 3½ per cent. Witness drew out some of the money from time to time, but there was still £165 to his credit. When he had given over his money he had got a cheque (produced), and had asked the accused man would he get money from the Munster and Leinster Bank if he produced the cheque. "Why not?" answered the accused.

Mr Hickman, solicitor, who appeared for the defendant, did not cross-examine, and Mr Lynch, State Solicitor, said he did not propose to tender any further evidence on that day. Inquiries were not yet complete, and he applied for another adjournment.

The defendant was remanded on bail for three weeks.
