Mr Sean Quin said it was the ratepayers of the country that were keeping the Banks going. It was very bad form on the part of the Treasurers to refuse the application of the Board when they had ample security for their money.

Mr D. J. Madden said it was a very serious matter for the Board, the ratepayers, and the cottiers. He suggested that a deputation should approach the Bank and place the facts before them.

Mr Fahy proposed a resolution to this effect, and said if the Board was not accommodated they should consider the advisability of changing their Treasurers.

Mr J. Mackey seconded the motion, which was passed.

### DEATH OF MISS D. GILLIGAN.

The death took place at her residence, Clare street, this morning, after a protracted illness, of Miss Delia Gilligan, a member of a respected city family. The deceased lady carried on a tobacco and stationery business for a number of years at Matthew Bridge, and had an extensive trade connection. She was the second surviving daughter of the late Alderman David Gilligan, who represented the Castle Ward in the Corporation for a number of years. Miss Gilligan was a very amiable and engaging lady, who enjoyed the friendship of a wide circle of acquaintances, who will regret her demise, and tender sympathy to her brothers and sisters in their bereavement.

The funeral will take place at 4.30 o'clock to-morrow from St John's Cathedral for Mount St Laurence Cemetery.

### MOTOR COLLIDES WITH JARVEY CAR

A collision occurred at Roche's-street last evening between a motor car and a jarvey car, with serious result to one of the occupants of the latter. The hackney, which was driven by a man named Cowell, a well-known jarvey, was proceeding down O'Connell-street, and on reaching Roche's-street corner a motor car driven by a lady cut across suddenly and went into the
