see his way to guarantee more than
£100,000 in view of the report of the
Harbours Tribunal. With regard to the
reserve mentioned in the letter the
Board had power to spend all the
money they needed for reserve funds
for carrying out the rail project, but
the Department wanted information as to
how the Board would finance the dock
extension if the cost exceeded £100,000,
unless any expenditure over and above
£100,000 was regarded as a "contingency,"
to which the reserve funds under the
Harbour Act could be applied.

Mr T. O'B. Kelly, Law Agent, said that
so far as he could see the points raised
would not present any great difficulties.
He would prefer not to go into the matter
until they met the Minister.

The Mayor said that in view of the
points submitted by the Department it
would be better if an appointment for the
deputation was made without delay. He
(Mayor) knew that the guarantee would be
issued without delay.

The Secretary stated that he would
arrange for the reception of the deputation
to morrow.

The following deputation was appointed—
The Mayor, Mr J. P. Goodbody, Mr T. J.
Loughrey, Mr T. F. O'Sullivan, Engineer,
and Mr T. O'B. Kelly, Law Adviser.

KILLED BY HORSE.

Child's Death Near Bruff.

Mr Coroner M. R. Cleary, M.D., Hospital,
held an inquest on Saturday on the body of
a little boy, Edmond Hogan, who had been
kicked by a horse the previous day and died
about two hours subsequently. Deceased
was son of Ml Hogan, labourer, Tullybrackey,
Bruff.

The evidence went to show that the injury
was received whilst at play in a field.

A verdict was returned that death was
due to shock and hæmorrhage.
