### Repairs of Banks.

oil decided to ask the  
artment to discuss the  
er repair of the banks of  
shouldering the biggest  
foisted on the county."  
out of a letter from the  
timating the intention  
owers of the Fergus  
rustees to the Clare and  
ils, as a result of the  
es to repay a £100 loan  
o for the repair of the

which gave facilities in number for hunting,  
shooting and fishing.

Mr Goodwin called attention to the  
present condition of some of the Clare roads  
and proposed that the attention of the  
Clare County Council be directed to the  
necessity for their immediate repair. He  
alluded to the road from Ennis to Kilkee  
and Miltown Malbay.

Mr O'Regan said the Ennis to Kilkee  
road was receiving the attention of the  
County Council.

It was decided to co-opt additional mem-  
bers on the Advisory Committee representing  
Clare and the County Limerick.

## DEATH OF MRS J. G. O'BRIEN.

We announce with regret the death of  
Mrs J. G. O'Brien, which took place this  
evening at her residence, Limerick Hotel,  
Sarsfield Street, after an illness of some  
duration. The deceased was wife of our es-  
teemed fellow citizen, Mr J G O'Brien, an ex-  
Mayor of the City, and a member of the Cor-  
poration for a number of years. Mrs O'Brien  
was a lady of great charm of manner, a  
devoted wife and mother, and in this the  
hour of their sorrow the sympathy of the  
citizens will be extended to her husband  
and family.

The remains will be removed to St.  
Michael's Church at 9 o'clock p.m to-morrow  
(Wednesday), and the funeral will take place  
after Requiem High Mass at 10.30 o'clock  
on Thursday morning.

## FLOODS IN TIPPERARY.

The railway is still submerged through  
the heavy rains in parts of Co. Tipperary,  
and the Rosslare Express, which runs from  
Limerick via Tipperary and Clonmel, had  
again to be diverted on Saturday by way of  
Mallow Junction. Rain fell throughout the  
day, but not so heavily as on Friday. Rivers  
in Tipperary have now fallen considerably,  
but large areas of adjoining land are com-  
pletely under water.
