### THE PADDOCKS, LIMERICK.

#### Weekly Dairy Market.

Tuesday, May 24th.—An over seasonable supply, mostly milch cows, and freshly calved heifers; enquiry for in-calf heifers, of which the number was limited, heifers in nice condition with the "appearance of milk" found buyers, this applies to the shapely heifers with size, as well as to the generally popular short-legged thick medium sized heifers. The run of values was on an easier level, prices showed a weaker tendency, nevertheless, considering the lateness of the season, as it is just up to the wind up of the spring sales, as was evident by a shorter attendance, trade worked out better than was expected, with a good clearance. In-calf and calved heifers, promising, £18 5s to £20 15s; ordinary, £12 to £16 5s; dairy cows, £18 10s to £22 10s; ordinary, £12 5s to £18.—Wm. B. Fitt, Auctioneer.

A pleasing announcement to Knitters. Messrs William Todd & Co., Ltd., have a magnificent range of wools, representing all makes, and at no advance in prices.

The centre of the course will be open free to the Public with several forms of amusement similar to the old Barronstown customs.
