**LIMERICK DOCTOR IN MALAYA.**

We take the following from "The Times of Malaya" of October 5th:—

"We are glad to learn that Dr. Graham, Health Officer, Kinta Sanitary Board, who is seriously ill in Batu Gajah Hospital, has taken the turn towards recovery and should be able to travel to Europe to recuperate soon. Dr Graham, it may be added, is one of the ablest and most painstaking Health Officers the Kinta Sanitary Board has ever had."

Dr Graham's many friends in this city will learn with great pleasure of his recovery. He is a son of the late Dr P. F. Graham, of O'Connell street.

**DEATH OF MISS LILY SMITH.**

We regret to announce the death of Miss Lily Smith, second daughter of the late Mr Richard Smith, of Broughton street, Vancouver, B.C., and formerly of Rose Hill, Limerick. The sad event occurred on the 9th October, and following the demise of Mr Smith, which took place at Vancouver towards the end of August last, the sympathies of numerous friends will be extended to the family in the double bereavement which has so soon come to them.

**GANDER TACKLES A FOX.**

A Glasson farmer, who went to collect his hens for Atllone market, was just in time to see a large fox devour the last of them. Although the fox was attacked by dogs he got away. Later the prowler returned and attacked a flock of geese, but this time he was tackled by a gander, and the noise of the combat attracted the farmer, who killed the fox with a stick.
