Mr. Ke said it was tacitly agreed at a meeting that the Borough Health Board would resign if it failed to treat the city on a par with the other counties. The Board's decision in the matter of the Poor Law is a matter of administration. There was no suggestion that Limerick had been the victim of a system of poor law which did not apply to any other part of the country. Every other county has been linked up with the county of Limerick, and Limerick was paying a rate of 13s for poor law

Mr. Ke pointed out that it was the duty of the deputation to have a full and frank discussion with the Minister. It is for the Council to decide what it would take on the result of the report, but it would be unwise to do so until they had heard the views of the Minister and his intention.

Mr. Ke agreed; and after concluding the discussion of the estimate, the Committee referred the matter to Council for their consideration of the proposed rates.

## VOTERS' LISTS.

### Question of Duplication.

A Revision Court was held in the Court House yesterday by the County Registrar Mr. H. O'B. Moran, solicitor, for the purpose of considering objections to voters in connection with the franchise register to come into effect on June 1st.

During the sitting that in the afternoon 500 objections were applied for, and in respect of duplication of names.

The Registrar said a good deal of confusion had arisen out of the duplication of names in some of the other thoroughfares. In some of the rural areas as many as three persons having the one name were to be

the well-known Passion play, entitled "Barter," at the Athenæum during Holy Week, and judging from the success of the League's recent presentations the public are assured of a singularly impressive rendition in a new undertaking. This will be the first occasion in which the League players will appear in serious drama, and the rehearsals indicate a high standard of histrionic art. Elaborate arrangements are being made for the staging of the play by Mr. Alma Fitt, stage manager. The cast includes such well-known amateurs as Mr. J. F. O'Sullivan, Mr. T. Daly, Mr. M. J. Carrick, Mr. K. B. Dinneen, and Miss Madge O'Driscoll.

The music incidental to the production will be rendered by the League orchestra, under the baton of Mr. Granville Metcalfe.
