

in the employment of Mr Wm. Prendergast, M.R.C.V.S., Alexandra Terrace, City.

The applicant's evidence was that on the 25th December last she was struck in the left shin with the pedal of a tricycle ridden by the respondent's son. After a few days the wound became sore, and she was ordered to hospital for treatment. She was unable to get a bed in the City Hospital, and the leg was still giving her trouble.

For the respondent it was contended that the accident was not caused by the tricycle, and no complaint was received from the applicant until the lapse of ten days.

The Judge said he was not satisfied that the applicant was injured on the 25th December, and dismissed the claim.

Mr M. Danaher (instructed by Mr Martin Tynan, solicitor) for applicant, and Mr L. O'B. Kelly (instructed by Mr R. O'Sullivan, solicitor) for respondent.

DEATH OF THE REV. P. WOULFE, P.P.

The death, which we announce with regret, took place in St. John's Hospital yesterday of the Rev. Patrick Woulfe, P.P., Cappagh, Rathkeale, at a comparatively early age. The deceased clergyman, who was a native of West Limerick, was ordained thirty years ago, and ministered as curate in St. Munchin's and Kilmallock before being appointed to the pastoral charge of Cappagh. He was a profound Gaelic scholar, and in that connection published some interesting and learned works. He took a prominent part in the movement for the revival of the language, and was President of the Limerick Branch of the Gaelic League for some time. By the death of Father Woulfe the diocese loses a respected and popular priest, and his parishioners a clergyman who was at all times deeply solicitous for their spiritual and material welfare.

At the Dublin Spring Show, the Challenge Cup presented by Messrs. W. J. Shaw and Sons, Limerick, for sow most likely to breed ideal bacon pigs, was awarded to E. J. Clarke—Aghamarta Queen 94th; reserved, Rev. Brother Jarlath Edwards, O.S.F.—Ballard Dairy 23rd.

Borough Surveyor, stated that he estimated the cost of putting in the window at £3 15s; the putting in of the glass at £5, and the cost of the glass at 4s. per square yard. He considered £10 for the putting in of the glass exorbitant.

A decree for £45 was given, with 10s costs.

Messrs. J. Kenny and Sons, builders Cecil street, applied for compensation for malicious damage to a plate-glass window in their premises.

Mr O. Moriarty (instructed by Mr D. O'Donovan, solicitor) appeared for the applicants, and Mr J. J. Dundon, solicitor, for the Borough Council.

Mr J. Duggan gave evidence to the effect that the cost of repairing the window was £14 4s 4d. The salvage was worth 15s. He had six men employed in the work.

In cross examination, witness said he left the salvage to Messrs. Kenny. He could not get the glass for less than 4s 4d per square foot.

A decree for £16 with 10s costs was given.

THE CORKANREE DUMP.

Successful Campaign Against Rats.

A letter was read at the meeting of the Improvement Committee last night from the Irish Ratting Company, Dublin, stating that 80 per cent of the bait laid for the rodents that infested the Corkanree dump had been taken. That showed that the place was over-run with these pests, and to keep it clear of them the Company suggested the advisability of the Corporation entering into a contract at £56 a year.

The Borough Surveyor said a contract would be very desirable in view of the fact that sewers had been damaged by rats to a considerable extent.

The Mayor did not think it advisable to enter into any contract, as the Corporation may not be always in possession of Corkanree.

The Committee decided, however, to make a contract.
