On 11th May, at the Convent of Mercy, Villa Maria, Riccarton, Christchurch, New Zealand, the profession took place of Miss Mary Hurley, in religion Sister Clement, third daughter of Mr. and Mrs. J. Hurley, 2 St. Mary's Terrace, Ballinacurra, Limerick. The Most Rev. Doctor Brodie, Bishop of Christchurch, officiated at the ceremony, and was assisted by several of the local clergy. The cross-bearer on the occasion was Miss Peggy Hurley, sister of Rev. Sister Clement, who is a Postulant in the Mercy Order at the same Convent.

BRITAIN'S POPULATION.

Disquieting Forecast.

Professor A. M. Carr Saunders, of Liverpool University, told the Royal Sanitary Institute Congress at Blackpool to-day that by 1940 at the latest the population of the country will cease to increase, and will subsequently decline. The death rate would presently exceed the birth rate. The Professor declared that there was complete failure on the part of the Planning and other authorities to appreciate the situation.

HORSE SHOW SUBSIDY.

A notice of motion appears on the agenda to be discussed at the meeting of the County Agricultural Committee to-morrow to the effect that the sum of £117 allocated to the Kilmallock Show Society, and not now required, be transferred to the Limerick Agricultural Show Society. A sum of £300 was provided annually by the Committee amongst the County Shows, namely, Limerick, Kilmallock, and Newcastle West, but as the last two mentioned have ceased to function it is now the intention to devote the entire subsidy to Limerick, which this year has widened the scope of its activities.

CITY FATAL ACCIDENT.

Boy Succumbs to Injuries.

A youth named William Ryan, Spellacy's Square, Wolfe Tone Street, has died in Barrington's Hospital from injuries received on the 15th of this month. It appears that the boy clung to the back of a milk cart, stated to be driven by a man named Hannan, and was accidentally caught in one of the wheels. When extricated he was found to be badly injured, and was attended by Dr C. Molony, who had him removed to hospital, where he succumbed on Saturday night.

An inquest was held by Mr J. S. McNeice, solr., Deputy Coroner, and a jury last evening.

Sergeant Forde, Edward Street Barracks; conducted the inquiry; and Mr A. Blood-Smyth, solr., held a watching brief on behalf of the driver of the cart.

Patrick Ryan, father of the deceased, identified the body as that of his son, William, who was aged nine years.

David Morten, [Garvey's Range, stated that on the evening of the accident he was with the deceased. They parted at Bowman street corner and he continued up Wolfe Tone street at the left hand side. Deceased crossed the road and walked along the path at the right hand side. There was a pony and cart outside the shop of Mrs Morrison and deceased was walking towards it. When he (witness) looked over at the cart he saw the left wheel on the road, and on looking a second time he saw the left wheel on the footpath and Ryan pinned to the wall with the back shaft. The driver of the cart came out of Mrs Morrison's shop and tried to hold the pony's head. The cart moved forward and Ryan fell to the ground. The pony then backed and the wheel went over Ryan's stomach.

In reply to Mr Blood-Smyth, witness said that when he was at Bowman street corner he saw the cart. The driver was putting a tankard on it, and he then entered Mrs Morrison's shop. The head of the pony was facing down Wolfe Tone street. He did not see Ryan hang on to the back shaft of the cart.

Dr Morris, R.M.O., Barrington's Hospital, deposed the boy died at about 11 p.m. on the 17th inst, and death in his opinion was due to peritonitis and shock.

John Hannan, farmer, New Road, Singland, the driver of the cart, stated that on the evening in question he was delivering milk to Mrs Morrison. He came out of the shop with an empty tankard and placed it on the cart. He did not go into Mrs Morrison's shop again. He then got up on the cart and turned the pony around. He saw the deceased on the back shaft of the cart, and told him to get off. When he was turning the cart the boy fell off, and he (witness) immediately stopped the pony. While he was alighting the pony went backwards, and the wheel went over the boy, who was caught in the kerb.

Mrs Rachael Morrison stated that Hannan did not enter or leave her shop twice on the evening of the accident. She heard him shouting to someone to get away.

The jury returned a verdict of accidental death, and exonerated the driver from all blame. They expressed sympathy with the parents of the deceased, in which the Coroner and Mr Blood-Smyth joined.

and coopers of Cork, Waterford, and Limerick, call on the Minister of Agriculture to obtain the necessary powers, by legislation or otherwise, to compel the Irish Free State creameries to reserve the packing of butter for the home market, at least in Irish made keils and kegs, and by so doing they will only be fulfilling their declared policy of reviving one of Ireland's oldest industries."

The will is proved by his son, Captain Robert Garnier Tottenham, of Mount Callan.

LIMERICK MILK SUPPLIERS' ASSOCIATION.

At a meeting of the Limerick Milk Suppliers and Vendors' Association held on Saturday, at which Mr M. Sheehan presided, the position created with reference to the creameries becoming competitors for supplying the city, was discussed at considerable length, following the recent interview with the Minister for Agriculture.

A set of resolutions was adopted, on the motion of Mr M. O'Hartigan, seconded by Mr H. J. Leonard, and copies ordered to be forwarded to the President of the Executive Council, to the Minister for Agriculture, and to the Deputies for the constituency.

The first referred to the question of transit facilities in relation to the proximity of supply. The second asked that owing to the failure of the Minister to protest members of the Association from what was described as a creameries monopoly in selling, as alleged, below the cost of production, that Inspectors be sent to value the suppliers
