breaking into their homes. To save their
 cattle from the attacks of wild beasts, the
 peasants have been taking them into their
 dwelling-rooms by night. But even this
 has not proved effective, the wolves break-
 ing down every barrier.

VETERINARY INSPECTORS.

The Local Government Department has
 sanctioned for a further period of twelve
 months the employment of the city veterinary
 inspectors. These officials have been em-
 ployed on a temporary basis, but it is
 expected that the Minister will in the near
 future make the positions permanent.

COUNTY LIMERICK CENTENARIAN'S DEATH.

The death occurred at the County Home,
 Newcastle West, of Mrs Mary Potter at the
 age of 102. She was a native of Croom
 and was the oldest person in the district,
 being one of those to qualify for the receipt
 of the old-age pension immediately the Act
 came into operation.

The Washington's commander, Captain
 John Jenson, married Mr Andrew Cruik-
 shank and Miss Stella Wynyate, two cabin
 passengers, who joined the vessel at South-
 ampton, when the vessel arrived at Cobh
 (Queenstown) Monday evening.

The annual Duhallow Hunt Ball was held
 Mon. night at Doneraile. There was a large
 attendance, and all enjoyed the music pro-
 vided by Major Watts Band. A consider-
 able meed of praise is due to Mrs Bucknill
 for successfully organising such an enjoyable
 function.

PRESCRIPTIONS.

We have specialised for years
 in the compounding of Medical
 Prescriptions with great success.

Accuracy in dispensing with Pure
 Fresh Drugs is assured.
