### IMPORTANT TO CIGARETTE SMOKERS.

As will be seen by our advertising columns, Mr O'Donovan, of 17 O'Connell street, has installed in the door-way of his premises a most ingenious automatic machine for supplying cigarettes. You can obtain cigarettes from this machine any hour of the night after closing until next morning. As to the working of this machine, you are guaranteed a packet of cigarettes or your money back, as if the coins used are not suitable, either worn or bent, your coin comes back through the "refused coins" slot. We are sure this enterprise will be a great boon to the public at night.
