

# Strange Fatal Injury

---

## Young Citizen's Death

The death occurred at Barrington's Hospital on Sunday of Mr E Pearson, secretary to Messrs Goodwin and Co., china warehouse, Limerick. He had been handicapper and starter at the Church Lads' Brigade Sports on the 11th instant, when a small pistol he was using got jammed and discharged into his right hand. The injury was not at first considered serious, but later he had to be conveyed to Barrington's Hospital, tetanus supervening. Aged 41, he was third son of Mr David Pearson, Cooga House, Doon.

## Fatal Change of Mind

---

George Crockett Johnson, Wicklow st., Dublin, who had changed his original intention of travelling to Limerick by rail and decided to go by motor, was killed instantly in a collision near Ballybrittas, Leix. At Killinure cross-roads the car collided with a lorry owned by Messrs Dooley's, Birr, and driven by Mr B Coughlan.

It is now stated Mr Johnson was an uncle of the late Mr Pearson, who died from the effects of a fatal accident at the Church Lads' Brigade sports, and was on his way to the funeral at Limerick when the collision occurred.
