cluding some choice dairy cows. Considering we
 are approaching the close of the spring sales
 season, and most dairy proprietors have filled up
 their requirements, the attendance was good, in-
 cluding some from distance. Class fairly well
 represented, a number of useful heifers were
 shown ; promising lots readily bid for at current
 values, both heifers and cows with promise had
 willing purchasers, there were sufficient buyers to
 absorb lots which gave indication of being a
 profitable investment. In the cow section some
 choice milchers on sale, which met sharp competi-
 tion, and made full current rates ; in some cases
 rates in favour of vendors ; enquiry and exchange
 for young cows. A good seasonable turnover.
 Top price for cows went to Mr. M. Maher,
 Barrack Street, Nenagh, at £15 10s. In calf and
 calved heifers, promising, £11 to £13 5s ; ordinary,
 £6 5s to £10 15s. Dairy cows, best, £10 10s to
 £15 10s ; ordinary, £7 10s to £10.—Wm. B. Fitt
