Over 30,000 Men Affected.

There was little change in the stay-down mine strike in South Wales to-day.

It is expected the Federation officials would descend Nine Mile Point colliery to-day to urge the men to ascend.

It is stated that more than thirty thousand men are now on strike in the coalfield.

ITALO-ABYSSINIAN WAR

British Premier's Declaration.

Mr Stanley Baldwin said at Worcester to-day that there could be no alternative to the step taken by the League in the Italo-Abyssinian dispute. No isolated action had been or would be taken by Great Britain. He added that it was impossible to delay the General Election.

DEATH OF MRS A. H. PIKE.

The death, which we announce with regret, took place at her residence, Kilkerrin North Strand, to-day of Mrs Anna Harvey Pike, wife of Mr William F. Pike, proprietor of the Yarmouth Fish Stores. The deceased lady had only a brief illness, and her death was not expected. She was daughter of the late Mr Reuben Harvey Jackson, Glanmire, Co. Cork, and in this city she endeared herself to a wide circle of friends for her amiable disposition and kindly manner. Her services in the cause of charitable movements were always given willingly and cheerfully, and her passing is a heavy blow to her respected husband and family, with whom sincere sympathy will be felt in their loss.

The funeral arrangements appear in our obituary column of this issue.
