Strombanna Creamery he saw a vehicle drawn
up on the roadside, showing a dim light.
Further on he passed a motor car, and
subsequently another car, travelling in the
opposite direction to him. He was travel-
ling in the centre of the road, at between 25
and 30 miles per hour. He then recollected
seeing a stationary car at the left side, near
Drombanna, and swerved to the right
to avoid passing too close to it. The
passenger on the right running board some-
what obstructed his view. Had he struck
any object he might not have felt a bump,
as the lorry was heavy.

To Mr. O'Donovan—The accused was
aware of the tragedy before he made the
statement.

Supt. Hayden, Pallas, stated that the
accused made an addition to his statement
to the effect that he had nothing to eat all
day since his breakfast, until he got home
and had his tea.

The further hearing was adjourned to
Dec. 30th, when several more witnesses
will be examined.
