MAILS.

It was learned to-day that the Christmas
mails at Limerick Post Office were ex-
ceptionally heavy. This applied to
letters, cards and parcels outward, and
especially inward. The latter included a
large American consignment of registered
letters.

From across Channel and the Free
State the staff had to cope with a big
volume of letters and packets, while the
postings from the city were heavier than
usual.

This evening an unknown middle-aged

He fell to the ground, and when picked
up was unconscious. A priest was
quickly on the scene and ministered to
the man, who died in a short time. The
body was removed in the Fire Station
ambulance to Barrington's Hospital
morgue.

FARMER'S WIFE CALLS STRIKE.

a farmer's wife. The fowl buyers then
offered 9d. and 10d. per pound, but,
following her lead, the sellers refused to
sell at less than a shilling. The market
was held up until the buyers surrendered
and took all offered at the price de-
manded.
