ained 20,000 ordinary, and 2,000
registered items, and the money order
remittances from the United States for
Clare, North Tipperary, Limerick City
and County represented £18,000. The
expedition with which the staff dealt
with the traffic was such that not a single
item remained in hands on Christmas
Day.

ANOTHER SUDDEN DEATH.

Aged Woman Collapses.

The number of fatalities during the
Christmas period is added to by the
sudden death of Mrs Mary Cassidy, aged
about 70 years, which occurred yester-
day morning.

The deceased collapsed, and died
shortly afterwards in her home at Hall's
Range, Prospect, where she resided with
members of her family.

As a medical certificate was forth-
coming, an inquest was not deemed
necessary.

DEATH OF MR W. DELANY.

The death took place at his residence
at the Limerick Junction last night of
Mr W. Delany, in his 84th year. The
deceased was a former employe of the
Great Southern Railways, and had been
on pension for some years past. He was
father of Mr D. Delany, overseer Postal-
Telegraph Staff, Limerick; and Mr W.
Delany, G S. Railways, Westland Row,
Dublin, with whom sincere sympathy
will be extended in their bereavement.

BURST WATER PIPES.

During the frosty weather a consider-
able number of water connections from
the main supply burst, with the result
that householders were greatly incoa-
venienced. The leakages were not con-
fined to any particular area of the city,
but were widespread. Since the holidays
ended the Corporation water staff has
been engaged in effecting repairs to the
pipes, but it will take some days before
the service is normal.

LIMERICK CITY MAIL

Staffs' Presentati

On his retirement from the
ship of Leitrim Co. Council and
Health to take up office at L
City Manager and Town Cler
Co. Council and Board of He
staffs presented Mr T. O. O'Ma
a trout and salmon fishing rod a
ment to mark their appreciatio
friendship which existed betw
and the staffs during his time in

High tributes were paid by M
Clarke, Co. Surveyor (who presi
